IN THRILLING LEAP FROM MOVING TRAIN

ESCAPE

PROPOSE TO ADVANCE RATES

Transcontinental Railroads
Would Raise Freight Tolls
to Pacific Coast

New Tariff Designed to Meet
Committee's Decision in
Intermountain Cases

WASHINGTON, Aug. 7.—General increases in freight rates on commodities to become effective September 2, are proposed in new tariffs filed by the transcontinental railroads with the interstate commerce commission. While the new rates are designed to meet the committee's decision in the Spokane, Reno and Phoenix rate cases and would reduce rates to the intermountain territory, they would materially increase rates from all the East to Pacific coast points.

The proposed tariffs which affect all transcontinental traffic, were filed by B. H. Countess of Chicago, for all the transcontinental railroads. It always has been contended by the railroads that these rates were too low.

The commission has not checked up the tariffs with present rates, but such examination as has been possible indicates that the increase to the Pacific terminals are considerably greater than the reduction of the inter-Rocky mountain territory.

WATER COMPETITION.

Countess says that some carload rates to terminal points are advanced on commodities which are not subject to water competition in any great extent. The adjustment, he points out, creates an advance to the terminals, but reduces the rates to interior destinations.

Some commodity rates, in force at present, are absolutely eliminated, thus automatically transferring the articles shipped to western classification, under which the rates would be considerably higher than at present.

Countess maintains that this adjustment would relieve the discrimination against interior destinations which now exists.

FAIR ADJUSTMENT.

"We believe," Countess said, "that these tariffs represent an adjustment which should not be prejudicial to the interests of dealers and jobbers at the terminals and certainly it is not to the interior and intermountain country. Taken as a whole, for the entire western territory, it represents, in our opinion, a fair and liberal adjustment."

A thorough examination of the tariffs will be made by the commission and should they be deemed unreasonable they will be suspended. Already protests against them have been made by some shippers, but no action has been taken.

\$150,000,000 Pension Bill Meets Opposition

Measure Is Sent Back to the
House for Further
Conference.

WASHINGTON, Aug. 7.—The fight to pass the \$150,000,000 pension appropriation bill, now pending in the Senate today, and the measure was sent back to the House for further conference.

After a motion to agree to the House amendment to abolish the seven-year rule in pensioning agencies had been lost on a tie vote the Senate agreed, 29 to 26, to stick to its demand that the pension agencies be retained.

Sheriff "Bob" Prouty Holds Job 20 Years

R. A. Prouty, known as "Bob" Prouty, sheriff of Mariposa county, is in Oakland on business. Sheriff Prouty has held the office of sheriff continuously for more than twenty years. He is a veteran of the Civil war, having been a member of the First Massachusetts Battery in the War of the Rebellion.

Prouty is the owner of much land in Mariposa county.

MOSQUITO CAUSE OF CRASH

Corders Bruised When Auto-
mobile Collides With
Telegraph Pole

Oaklander Loses Control of
Machine When Insect
Flies Into Eye

Walter Corder, son of T. W. Corder, a director of the Security bank of this city; his wife and a brother and sister were hurt last evening when Corder lost control of his automobile and drove it into a telegraph pole.

Corder, Mrs. Corder, Thomas Corder and Miss Amy Corder were coming from Niles along the San Lorenzo road when the accident happened. According to the party a mosquito flew into Corder's eye and blinded him. For a moment he lost control of the steering gear and at Knox and Hayward avenues the machine swerved and dashed into a telegraph pole.

None of the party was thrown from the machine and the injuries consist of bruises sustained by coming in contact with the floor and sides of the car. The automobile was badly damaged.

Walter Corder is a skilled driver and declares the accident was due to the mosquito that he tried to remove from his eye while driving. He was going slow, he says, and to this fact is attributed the escape of the party from serious injury.

Four Are Injured When Auto Goes Off Bridge

Son of State Senator Lewis Is
One of Quartet Se-
riously Hurt.

STOCKTON, Aug. 7.—Earl Lewis, son of State Senator John T. Lewis, was seriously injured at midnight, and James Hines perhaps fatally crushed when Senator Lewis' automobile which Hines was driving went off a bridge nine miles from this city on the recently paved Cherokee lane road. Miss Bessie Howard was painfully bruised and Miss Margaret Alley, another girl member of the party, was burned about the body by an explosion of gasoline.

Henry Is Identified As London Offender

"Lord" Who Is in County Jail
Served Year for Grand
Larceny.

"Lord" Thomas B. Henry, now held in the county jail on several grand larceny charges, has been identified by the London, England, police as Joseph Harold Pendall, who served a year in that city for grand larceny, being convicted in June, 1909. This information was received by Acting Chief of Police Walter J. Petersen today. An old photograph was enclosed with the communication.

Henry's case is almost a replica of the celebrated Sir Harry Westwood Cooper case. Cooper, alias Dr. Abraham, alias Ernest Moore Chadwick, was arrested in Australia about ten days ago.

Henry made love to Miss Nellie Ingle of Chicago, with the result that she volunteered to come to Oakland to defend him. So far his wife and children have stood by him. He was arrested in Chicago for swindling operations here.

Motor Boat Crosses The Atlantic Ocean

KINSALE, Ireland, Aug. 7.—The 45-foot motor boat, commanded by Captain Thomas Fleming, Day of New York, which started at noon on July 14 from New Rochelle harbor, N. Y., on her voyage to St. Petersburg, was sighted today off this port.

Grand Circuit Races

PITTSBURGH, Aug. 7.—218 class trotting, 3 in 5, purse, \$1000; Doctor Mack won; Burt Averath, second. Du, hester, third. Tommy Finch, fourth. Best time, 2:04 1/2.

Thru, 1/2, 2:07 1/2, 2 in 5, purse, \$1000; Braden won; Ferny won; L. J. P. (Mushy) second. Best time, 2:04 1/2.

Thru, 1/2, 2:07 1/2, 2 in 5, purse, \$1000; Braden won; Ferny won; L. J. P. (Mushy) second. Best time, 2:04 1/2.

ROOSEVELT PLACED IN NOMINATION PROGRESSIVES SHOW ENTHUSIASM

THE BIG BULL MOOSE AND LESSER MEMBERS OF THE HERD WHO ARE MAKING POLITICAL HISTORY IN CHICAGO.

SUFFRAGETTES GET FIVE YEAR SENTENCES

Fighting Equal Righters
Are Sent to Prison
in Ireland

DUBLIN, Ireland, Aug. 7.—Mary Leigh, a suffragette, who was tried today on the charge of wounding John E. Redmond, leader of the Irish parliamentary party with a hatchet she had thrown at Premier Asquith's carriage, on July 19, was sentenced to five years' imprisonment.

Gladys Evans, whose sentence was reserved yesterday after she had been found guilty of setting fire on July 18 to the Theatre Royal here, also was sentenced to a term of five years.

Lizzie Baker, charged with being an accomplice of Gladys Evans, pleaded guilty and was sentenced to seven months' imprisonment.

Hot Cobblesstones Ripen Grapes Quick

First Tokays Sent to New York
and Bring Fancy
Price.

SACRAMENTO, Aug. 7.—A field of heat-radiating cobblesstones turned up by the gold dredgers near Oroville sent the first crate of Tokay grapes to eastern markets from California this year. The grapes were shipped from the ranch of J. H. Leggett near Oroville and sold by the California Fruit Distribution in New York for \$4.60.

The theory relative to the fast ripening of the grapes is that the cobbles absorbed a great deal of heat during the day and radiated it at night, giving the fruit an almost constant warmth and hence hastening the ripening process.

Industrial Insurance To Be Sent to Japan

Family of Man Killed in North
Will Be on State's
Payroll.

OLYMPIA, Wash., Aug. 7.—Although Mrs. Nakatani Okazaki, her daughter and two sons, have never crossed the Pacific from Japan to America, they will receive a pension of \$35 a month, until a total of \$4000 has been paid from the industrial insurance fund of the state of Washington. The husband and father was killed in an accident at a mill at Port Angeles and the state is paying a death claim to the Japanese department.

POSSES ON MAN HUNT IN SOUTH; FIGHT IMMINENT

Highwaymen Secure Revolver;
Overpower Deputy Sheriff,
Beat Him and Flee

Tehachapi Mountain Passes Hide Rob-
bers; Officials of Two Counties on
Their Trail, Armed to Teeth

BAKERSFIELD, Aug. 7.—Charles Light and Chris Wright, highwaymen, shackled together at the feet, being returned to Los Angeles for holding up nine men at a little station along the Southern Pacific line in Los Angeles county, this morning broke away from Deputy Sheriff Gates at 3 o'clock near Beaville, on the Tehachapi mountains and jumped from the train going thirty miles an hour.

Posses were started immediately, one from Tehachapi and another headed by Sheriff Baker from Bakersfield, but the men are still at large. Their capture is expected soon unless they have broken off their fires.

SHOT IS FIRED AT CONDUCTOR.

Deputy Sheriff Gates permitted the two men to enter the toilet and when they returned one thrust a revolver in the officer's face. The train conductor happened along at that time and the highwayman fired a shot at him. He fled.

Gates grabbed the pistol and the other highwayman took Gates' weapon from him. The two men then overpowered the officer and after severely beating him over the head and face they jumped from the rapidly moving train to the mountain side.

It is presumed that confederates were on the train. Both men are armed and an exciting man hunt is expected if their capture is not soon made.

Woman Candidate for Mayor on Auto Trip

Mrs. R. C. Raum and Sister
Have Breakdown But Are
Not Discouraged.

DENVER, Colo., Aug. 7.—Mrs. Rae Copely Raum, candidate for mayor of San Diego, Cal., on an automobile tour from San Diego to Boston in company with her sister, Miss Mary Copely, arrived in Denver by railroad, the automobile having broken down at Rumbos, Wyo. Their motor car will be shipped to Denver, and immediately on its arrival here the two women will resume their journey overland. Mrs. Raum said the motive that inspired her trip was a desire to get rest from the wearing strain of pre-election politics. The two women left San Diego three weeks ago.

Scion of Wealthy House Is Banished

Louis Molino Ordered to Stay
Away From United States
for Ten Years.

SAN FRANCISCO, Aug. 7.—Banished from the United States for ten years for passing a fictitious check, Louis Molino, scion of a distinguished Colombian family, who was to have been acting consul at this court, will sail tomorrow for his native land.

Molino's influence with the United States of Colombia is indicated that by the absence of the local consul he was given the appointment to act in his stead. On April 1, however, he got into trouble through passing a check for \$53 on Augustus Vint. He was duly convicted and this morning Superior Judge Trabucco, in Department 8, released him on a ten-year term of probation, ordering the sheriff to put him on a boat for home, forbidding him to return to this country until his time is up.

KNOWLAND TO START CAMPAIGN AT ONCE

Congressman Has Been Delayed in Wash-
ington Fighting For Free Tolls

Congressman Joseph R. Knowland sent word today to friends in Oakland that he would return home Thursday to take personal charge of his campaign for re-election to Congress. With the opening of headquarters at 927 Broadway, Knowland has begun his campaign for re-election to Congress. He has been in Washington so long that he has taken advantage of every opening to secure free tolls, a boon which is badly wanted by Pasadena and San Bernardino counties.

Knowland has made a host of supporters during his years in Congress and because of his splendid fight for the free tolls part of the anti-railroad section in the Panama canal bill he has aroused enthusiasm not only in his own district, but throughout the Pacific coast.

It was Knowland's strenuous fight in Congress for this measure which kept him in Washington so long. He decided that as long as there was a chance of the measure coming up again at the present session of Congress he would stay on the ground and if his political interests would allow he would determine that he would not leave a champion of the cause until the measure was passed.

The campaign for the measure which will be held September 3, will open in earnest.

Knowland was leader of the minority fighting for the Panama canal measure and has taken advantage of every opening to secure free tolls, a boon which is badly wanted by Pasadena and San Bernardino counties.

Among the corporations to make the fight against him is the Pacific Mail company. It is known that R. F. Schervin, head of the P. M. Co., has been in Washington to fight the measure which has been permanently blocked in the present session.

In regard to the Knowland says: "The people of the country are thoroughly alive to the importance of the canal. Should a delay be forced, public sentiment will grow and the demand for its completion when Congress convenes in December will be so overwhelming that further delay will be impossible. Every method has been attempted to defeat this legislation. The success of the canal in California is a matter of the greatest importance and it is our duty to see that it is completed as soon as possible."

Sweeping 10 Day Clearance Sale

Within 10 days we will close out regardless of cost each and every shop-worn instrument, every odd or discontinued style, and every used piano and player piano in the entire KOHLER & CHASE wholesale and retail warerooms.

We have literally emptied our warehouse into our retail store, and for weeks tuners, varnishers, regulators and other mechanics have been working overtime getting this immense stock ready for this great clearance sale, the largest sale we have ever attempted.

We propose to get rid of every piano and player piano in this sale in 10 days or less. Price is no object—our sole consideration is to close out this stock.

Terms to suit your convenience.

All these instruments, grands, uprights and player pianos are now ready for sale—marked with the cut sale prices in plain figures—none reserved—first come first served. Be on hand tomorrow morning when the entire assortment goes on sale.

You can't possibly realize how we have cut the price, nor what remarkable opportunity this is unless you come and see the instruments.

If everybody in Oakland could realize the pianos we are offering at the sale prices we would sell EVERY PIANO SOLD IN OAKLAND IN THE NEXT 10 DAYS—grands, uprights, and player pianos.

Tomorrow Is the Time—473 12th Street the Place

If you want an instrument within one year be on hand—it will pay you to get it NOW. Easy payments to suit.

Clearance Sale—Now Going on in Our

SAN FRANCISCO STORE,

THROUGH ASTOR HOME PREVENTS OUTING

NEW YORK, Aug. 7.—An unusual and to a prospective mother extremely distasteful occurrence marked Mrs. John Jacob Astor's attempt late yesterday to leave her home for a brief automobile ride through the park, which has recently been her daily outing.

So great a jam of morbidly curious surrounded the gate of the big house wherein the heir to the Astor millions is expected any day, that despite the efforts of a policeman to push the throngs away, Mrs. Astor was forced to forego her intended trip.

Word of what was occurring in the street was brought to Mrs. Astor by her servants. Her sister took a look at the crowd and came back with a report which decided Mrs. Astor against attempting to go out.

COLONIAL SOCIAL CLUB PLANS FETE

Five-day Carnival to Be Held at 23d Avenue and East Fourteenth.

Elaborate plans are under way for a five-day celebration, in the nature of a street carnival, to be held by the Colonial Social Club, at Twenty-third avenue and East Fourteenth street, from September 17 to 21. Tentative plans were discussed at a meeting of the club yesterday, presided over by Frank Burns, a merchant of the Twenty-third avenue district, who will act as chairman of the general committee in charge of the arrangements. The carnival will open Tuesday evening with a grand military and fraternal parade, in which an effort will be made to have the pageant eclipse any similar affair ever held in Oakland.

A contest for the selection of a queen to reign at the fete will be started at once and will be continued until within a few days of the carnival opening. A magnificent throne, patterned after the manner of the early English courts, will be erected at the corner of Twenty-fourth avenue and East Fourteenth street, to be the headquarters of the young queen. It has been announced that the following young ladies will enter the contest: Lily Thomas, Annie Oster, Minnie Jackson, Jane Dowd and Hester Larsen.

Other features of the carnival will be a baby show, gathering of early settlers, dancing and a large number of concessions. Prominent citizens of the district who will be on the committee of arrangements are George Ottman, Fred E. Fox, Ernest Austin, Harry Pyle, George Farnham, James Morrison and William A. Stewart.

SANITATION BY U. S. IS CRITICISED

Dr. Guiteras Opposes American Congressional Inquiry in Cuba.

NEW YORK, Aug. 7.—In a statement cabled to this country, Dr. Juan Guiteras, director of sanitation of Cuba, and formerly United States army yellow fever expert, opposes the American congressional scheme for an investigation of sanitary conditions of Cuba.

Dr. Guiteras charges that Mexico was infected with the bubonic plague through the concealment of its existence in San Francisco. It is an inopportune time, Dr. Guiteras thinks, for the American Congress to censure Cuba.

"As a matter of fact," he says, "health conditions in Cuba are better than in the United States and the United States in reality is a menace to us with its epidemics of spinal meningitis, infantile paralysis and smallpox, which do not exist in our republic. We are constantly in fear of smallpox infection from the United States. Moreover, the plague situation in California and Porto Rico has caused us much anxiety."

NORWEGIAN SINGERS ELECT NEW OFFICERS

EVERETT, Wash., Aug. 7.—The Pacific Coast Norwegian Singers' association, comprising Norwegian singing societies of the Northwest and Pacific Coast States, closed a four-day song festival here last night. Spokane was selected for the 1913 convention, and arrangements were made for holding the 1913 convention at San Francisco during the Panama-Pacific Exposition.

The following officers were chosen: President, L. Reiberg; first vice-president, C. I. Peterson; second vice-president, C. F. Olson; corresponding secretary, A. N. Sattre; recording secretary, Andrew Harvold; treasurer, O. P. Anderson, all of Spokane; marshal, Otto Lien, Stanwood, musical director, Carlo A. Spagati, Decorah, Iowa.

STEPS IN ACID

PETALUMA, Aug. 7.—A peculiar accident befell the little daughter of Mr. and Mrs. J. H. Williams yesterday. The child took off her shoes and stepped in acid.

The child was in front of her home when she stepped into acid, which presumably had been spilled by linemen who were working in that vicinity. The child was severely burned and was suffering agony before a physician could be summoned.

HIT BY CAR

SAN FRANCISCO, Aug. 7.—W. C. Gray, of 265 Chestnut street, was struck by a car at Larkin and Ellis streets this morning and painfully injured. He received cuts about the head and ears and was sent to the Central Emergency hospital for treatment.

LIFTS QUARANTINE

WASHINGTON, Aug. 7.—The Secretary of Agriculture has issued an order effective August 15 by which the quarantine to prevent the spread of scabies in cattle is lifted from the states of North Dakota, Nebraska and Texas.

HUSBAND IS DESPOT DECLARES HIS SPOUSE

Anna Baltrusch, in a suit for divorce just filed in the Superior court, accuses her husband of despotism. She says that her husband, Richard C. Baltrusch, demanded that she deliver to him a property executed deed to her separate property, and upon her refusal she says that he struck her and threatened to tie her up in a mattress.

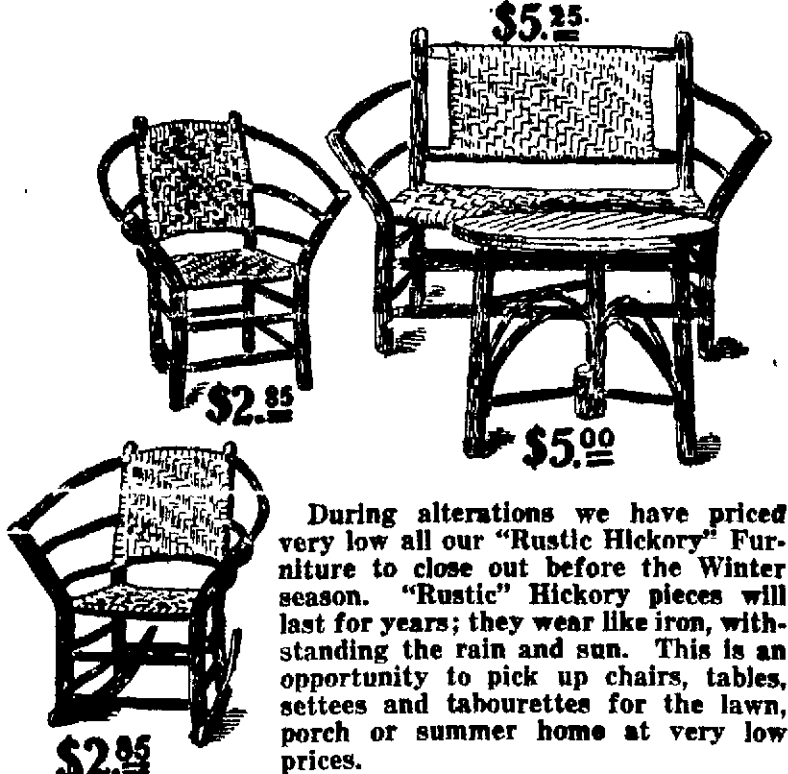

On another occasion Baltrusch said to have told his wife: "You're a thief; you would steal the blue out of my eyes."

ELEANORA SEARS LAUGHS AT BETROTHAL REPORT

BEVERLY FARMS, Mass., Aug. 7.—A rippling laugh was the only reply Eleanora Sears made to a query as to her reported engagement to Harold S. Vanderbilt, who is a guest at the Sears summer place at Beverly Farms. Miss Sears is just back from a trip to Newport, where she and Mr. Vanderbilt were so much in company that the story of their engagement was revived.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day and evening long had dead tired at night. You must get out into the open air and sunlight. It can do the most for you. Keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed. It is a pleasant, healthy and beautiful. For sale by Osgood Bros. Drug Co.

Playgrounds and the Recall

Playgrounds are wanted in several sections of the city. They are needed, too, for the playground is one of the most beneficent fruits of modern development. Not only do they contribute to the pleasure of the community, but they are great aids to physical and moral health. They keep young people out of bad company and bad courses, and are a distinct encouragement to clean sports and clean living. Hence every section of the city should be provided with playgrounds.

But playgrounds, like everything else worth having, cost money. Large tracts in the thickly populated districts are scarce and they can be purchased only at a large outlay. It costs money to improve and equip them, and after that is done there is a continuous expense for maintenance and supervision. Thus the playground with its benefits and beauties is reflected in the tax budget. It adds to the cost of government. After the first cost of purchase, equipping and improving is met, however, the subsequent cost is small comparatively, and the property acquired for playground purposes represents a safe investment.

Now the money wasted in holding a wholly unnecessary recall election would have purchased a playground in some section of the city where playgrounds are needed. For the present some section will have to go without a playground because the money to buy it has been thrown away to gratify the malice of disturbers and the revenge and greed of others. The money has been absolutely wasted, and can never be retrieved. A salutary lesson is the only thing the taxpayers have for their money. A playground would not have given John L. Davis and Dr. Jackson a chance to run for office between times, and it would not have gratified the desire of the I. W. W. to revenge themselves on the officials for refusing to let them run the town.

Incidentally it may be mentioned that the officials whose recall was demanded are the only ones who ever established playgrounds in Oakland. The expense of acquiring and fitting up playgrounds was one of the inequities charged against them by the recallers. It was one of the ways that the public money had been wasted, according to Davis and Jackson and the I. W. W. So a recall election has been held and the money needed to purchase a new playground wasted. Of course, the vast majority of Oakland's citizens would have preferred a playground, but the charter enables a minority of fifteen per cent to spend money in holding useless elections.

Our neighbor, the Call, is making itself unpopular in certain political circles—those nearest the pie-counter. This thing of twitting on facts makes a newspaper very disagreeable at times. It is this pernicious habit that makes the Call so offensive. Why will our contemporary persist in making the pie-eaters feel uncomfortable at their repast? They must eat.

Steam Rolling the Negro Delegates

No sooner had the Bull Moose convention convened than the presence of a steam roller was revealed. It was used in making up the temporary roll, and the first to go under it was the colored brother. A self-constituted committee passed upon the contents, just as the regularly constituted committee did in the Republican convention. None of the delegates was elected in a regular way or in pursuance of any call regularly issued by any committee holding a warrant of authority from any regular party organization; all of them stood on the same basis as voluntary attendants of the Colonel's personally conducted convention.

Nevertheless, a self-constituted committee separated the sheep from the goats—the latter, in this instance being the negro delegates. The steam roller worked along the color line, and eliminated the colored brethren with neatness and dispatch. This elimination was in harmony with the Colonel's expressed wish to have a "Southern Democrat" named as his running mate. Negro delegates and Southern Democrats do not go well together. The negro delegates were probably kicked out as a guarantee of good faith to the white Democrats the Colonel is trying to entice into the Bull Moose corral.

The credentials of the negro delegates who were unseated were as good as the credentials presented by any other delegates, but white men wanted the seats and got them, of course. So we have the steam roller doing its usual work and a committee making up the roll in the old way, with this difference that the Colonel's adherents employed the steam roller solely and singly to get rid of the negro delegates.

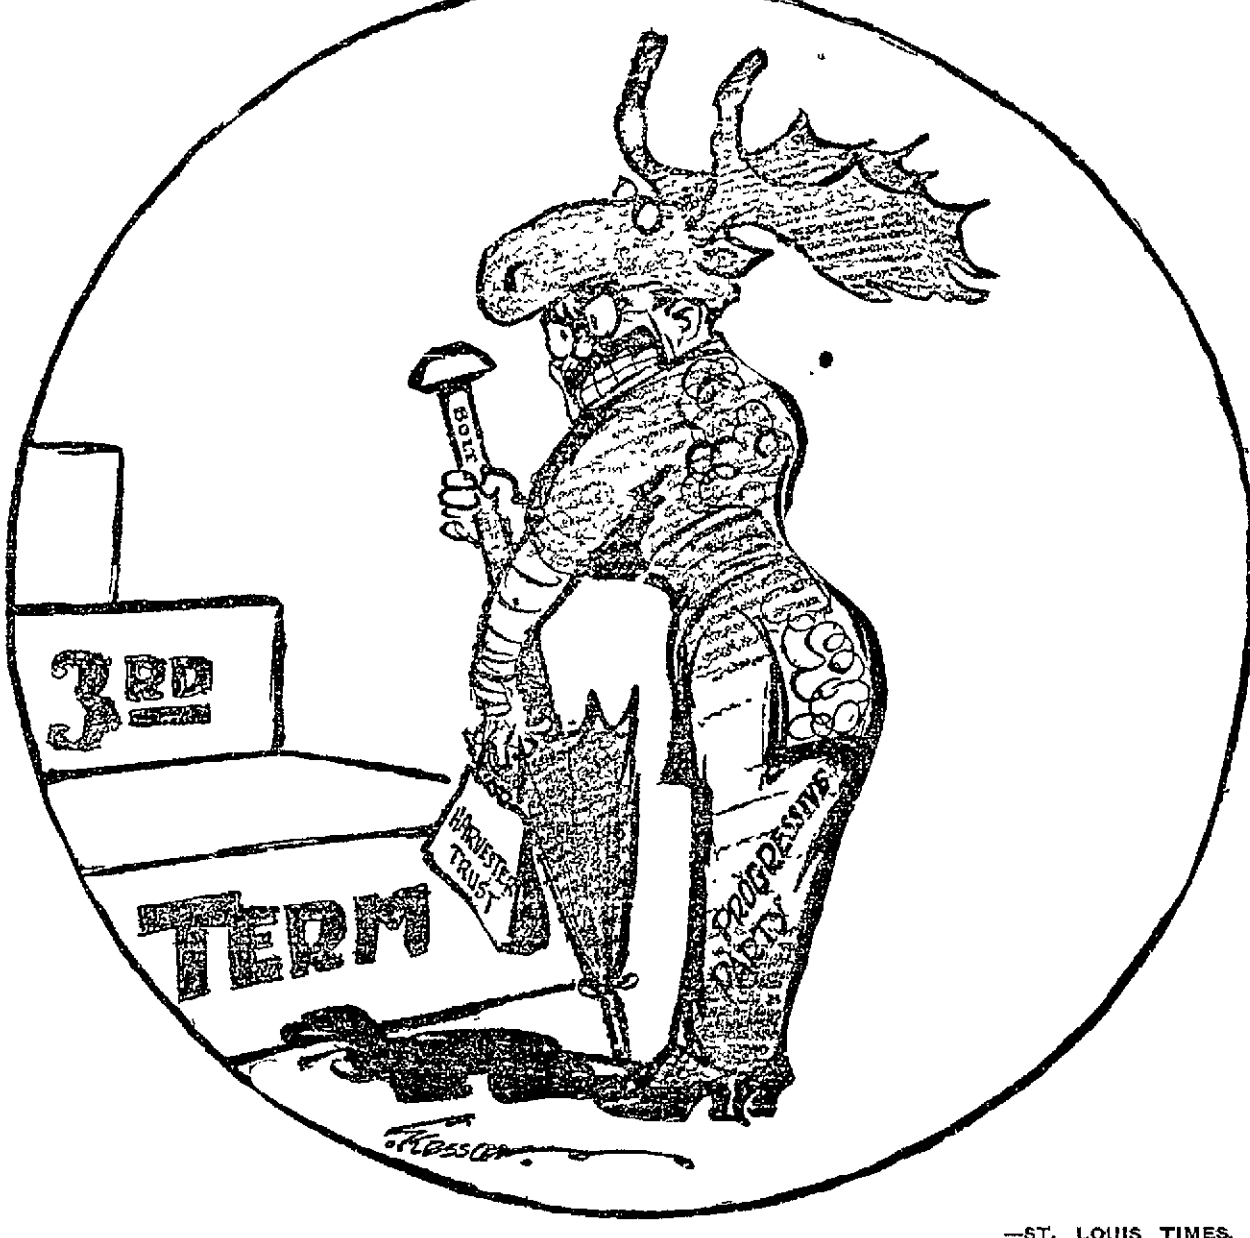

The Greatest Political Show on Earth

The Bull Moose convention is nothing more than a hippodrome. The pretense of deliberation is a farce. The convention, which is not a convention in the accepted political sense, assembled at the command of a man who had already declared himself the nominee of the American people. It attempted to endorse him as a candidate and to do anything else he desired done. It did not come together to present a candidate, an issue or any policy of government, but to cut whatever capers the ringmaster might deem it advisable to put the performers through. The convention had no issue and no policy other than what its master chose to declare, and no candidate but him. It was forbidden to formulate a platform till he had delivered a stump speech of the usual Fourth of July order.

The speech leaves the public no wiser than it was before with respect to Roosevelt's intentions in the utterly improbable event of his election to the Presidency. He told his hearers of a lot of good things he would like to accomplish, but he did not tell them how he proposed to accomplish them. Policies of government are not made up of apothems, epigrams, wise saws and professions of superior virtue. But a gathering assembled to endorse the candidacy of a man who has nominated himself, and who has no issue to present save himself, no policy other than personal expediency to offer, cannot be expected to outline a legislative program or set forth any principles or beliefs other than those handed to them by the director of the hippodrome.

But what is the use of owning a circus unless you can arrange the program to suit yourself? Colonel Roosevelt knows what a circus is for; he also holds in high estimation his capacity to act as ringmaster. He has Barnumized politics and is running the greatest political show on earth. The people like to be humbugged.

ANOTHER TIGHT SKIRT

—ST. LOUIS TIMES.

Sings of the Bull Moose.

Some writer—we've forgotten who—once said he would be willing to let others write the laws of a people if he could have the privilege of writing their songs. He would not be proud of having written the songs of the Bull Moose movement. Their poetical quality is not high, but it is far above the sentiments they express. The following parody on the "Battle Hymn of the Republic," sung by the New Jersey delegates, is a sample:

The "grand old party" is a moldering in the grave;
It came and saved the nation, but itself it cannot save.
It's Boss Barnes' plaything and it's Guggenheim's slave—
But we go marching on.

The bull moose is coming, can't you hear the warlike tread?
The elephant and donkey are trembling with dread,
Their game is up; we've got them licked; they know that they are dead—
As we go marching on.

Neat but not gaudy, but still not quite up to the standard of Roget de Lisle's "War Song of the Army of the Rhine" which goes by another name, but glowing, nevertheless, with lofty sentiment and patriotic fire. This snatch of Bull Moose verse, vocalized by the Michigan delegates, hits nearer the mark:

What have we done?
What have we done?
We've put Old Bill Taft on the bum,
That's what we've done.

This is the true note of progress. How it swells with patriotic ideals! "It's real truck," as the Hon. Sassafras Scrubbs, the Tarheel poet, would say.

Senator John Stetson celebrated the defeat of the recall with great enthusiasm last Monday night. He rejoiced over a victory he did not help to win. Senator Stetson was not heard from while the battle was raging. He made no speeches during the campaign and kept discreetly out of sight when he could have been of service to the cause of law and order and progress. While he was staying in (or under) the house, Congressman Knowland took the trouble to send out from Washington a letter emphatically stating his opposition to the recall of Mayor Mott and his colleagues. Senator Stetson gave them his moral support as modestly and unostentatiously as he could extend it. He was a progressive still—very still.

FEARS OF ANIMALS

It is well known that many people have an inexplicable aversion to certain animals. Lord Roberts, it is said, strongly dislikes cats, and can say at once if there is one in the room or not. Most people have a horror of snakes and other things which crawl and creep. Animals, like human beings, have their likes and dislikes. But certain animals together and you will expect a fight, while another two will become the friendliest of comrades. Women are proverbial for their horror of mice, but one would hardly expect an elephant to show fear at the sight of a mouse. Some years ago during some experiments to find out the likes of animals in a menagerie. The huge animal spotted the mouse as soon as it was placed in its inclosure. The elephant gave evidences of fear immediately. With one of its big feet it could have crushed the tiny intruder out of existence. Instead, it stood for a few minutes motionless, and apparently helpless with fright. Not until the mouse had been removed was the elephant to be pacified, and it was some hours before it regained its normal courage. Mice indeed inspire fear, or something akin to it in a good many animals. A Bengal tiger trembled and uttered long mournful howls the whole time that a mouse was in its cage. Two rats were introduced into a lion's cage and the same fear was evinced by the larger animal for the small ones.

There is one animal that practically all other animals fear, and that is the great bull ant. Found in the tropical forests of Africa. Every animal flees before a bull ant. A snake attacked by bull ants stands no chance whatever of escape. The ant is a small insect, but its bite is so venomous that it is well justified. London Mail.

The Stinging of Cadogan

Cadogan was a self-made man, Constructed on a self-made plan, And at a self-set pace he ran. On a frankly self-made way, He owned a block of iron mills, And hundreds, we'll say, of coaling kilns, Such as profits pour into ample tills In Pittsburgh, U. S. A.

Such a man of mark, he felt, must roam; Too long he, Cadogan, stayed at home, So he went for the summer beyond the foam, And he spent a roll each day, He raked the marts for art that is, He made the old world's treasures his, He showed the pace of the splendid whiz In Pittsburgh, U. S. A.

The summer through he bought and packed, But his pride was a suit of armor, hacked, Rusted, pitted, battered, cracked— Ten centuries old—oh, say! Then, too, what a contrast, if you please, 'Twixt crude and ancient plates like these And such rare steel as now one sees In Pittsburgh, U. S. A.

But home and all unpacked he spied, As into the armor's joints he pried, That which his power of patience tried And drove his faith away. He scrapped the armor as not great shakes, And wonders what things of the rest are fakes— 'Twas stamped as of steel that Cadogan makes In Pittsburgh, U. S. A.

—Houston Chronicle.

20 YEARS AGO TODAY

General J. B. Weaver, national candidate of the Populist Party for president, is offered the freedom of the city of Oakland by Mayor Melvin Chapman. Miss Maud Carlisle Morrell, the gifted young actress, has returned to Oakland and is the guest of her sister on Franklin street. She is a descendant of General Wade Hampton.

Fred Russell of Hayward has returned to his home after a short visit in this city.

Mrs. Joseph Nolan and Miss Maggie Donovan are at Howell Mountain, Napa county.

Captain E. Moody, now of Georgia, is visiting his daughters in this city.

D. D. Barnard has returned from a short trip through Lake county.

The Misses Jennie and Emma Morgan have returned from their vacation at Monterey.

Miss May Jackson has returned from a visit with friends at St. Helena.

Dr. Forster left yesterday for a brief trip to Colfax.

Rev. B. Allen of East Oakland is entertaining his cousin, Mrs. C. M. Smith, who arrived from New York, via the Isthmus, on the steamer San Blas.

The following Oaklanders are at Santa Cruz: D. McKenzie, George F. Fox, J. J. Hooper, W. W. Pierce and D. Pierce. Rhodes Borden is stopping at the Hotel Vendome in San Jose.

Dr. and Mrs. G. L. Thomas are en route to Europe.

Mrs. Remi Chabot and Miss Nellie Chabot are home from Monterey.

Mrs. L. Stone and Miss Lizzie Stone are visiting Mr. and Mrs. Knox of San Lorenzo.

C. C. Whiting and L. Wood left today for Santa Cruz for a two weeks' outing.

BACHELOR MUSINGS

It isn't nearly as bad for a girl to have big feet as it is for you not to say they are small. You can make the weakest argument look strong to a girl if you back it up with a lot of adjectives. One uncomfortable thing about having women in politics is that they know a lot of adjectives more easily than they know the meaning of them. New York Times.

Fine for Silver

Accompanied by four members of his family, Chambers left Portland at 8 o'clock in the morning and pulled up at a Roseburg hotel at 7.30 in the evening. This is the best time ever made with an automobile between the two cities. The average running time was seventeen and one-half miles an hour.

CHICAGO, Aug. 7.—Chicago's 10,000 street railway employees, who have demanded an increase in wages and improved working conditions, are growing impatient over the delay of the street car companies in giving them a definite answer and last night began preparing to force the issue within a day or two.

FLAGSHIP SAILS.
HONOLULU, Aug. 7.—The cruiser California, flagship of the Pacific fleet, in command of Rear Admiral Chauncey Thomas, and the cruiser South Dakota has sailed for Mare Island.

What almost resulted in a pitched battle between U. S. marines and two prominent Oaklanders occurred recently at Mico Island, when W. T. O'Brien, manager of the Mico Hotel, and George Kinley, of the Key Route Inn endeavored to take possession of the island, to the surprise of the island, to the shore. Several days ago Dickinson, accompanied by Kinley, left for a trip to Sacramento on the 10 o'clock train, and the two men, from the capital and were going along at a fair pace over the waters of San Pablo bay when they were overtaken by a storm.

The night was pitch dark and the wind was blowing a gale. The launch drifted along in the wind for several hours, dur-

ing which time the launch was tossed so violently in the small cabin drenched to the skin by the waves which constantly threatened to swamp the launch. At one time the launch ran through the murky darkness, when suddenly it stopped. Instantly the men found that it had struck the mud bottom of the bay near the Mico Island yards. The wind continued throughout the night, and when morning came the launch was still stuck fast on the mud. After several ineffectual attempts to pull it back into deep water the launch was finally forced to leave it to its fate.

They left. When they returned later they found that the launch was gone but they did not have to hunt far. At a landing, with a huge government padlock holding it captive to the island, was the D. & B. Dickson rushed forward and began endeavoring to break the lock. He had not proceeded but about three seconds, when with drawn arms a whole regiment of Mare Island marine attachés rushed in upon the scene.

"Away with 'em!" shouted the commander in charge of the marines. Dickson says, however, explained that the boat belonged to him and had been stolen from him. He said that he had not appreciated by this explanation, and threatening force, demanded that he go any way or be filled with lead.

After debating for several minutes, Dickson says, the marines decided that the compensation of \$67 Dickson could have him the boat. Dickson says that the marines was not appreciated by Dickson, and he declared that he would get the boat back without paying \$67 if he took every cent he had. After making another attempt to break the lock held by the launch, he and Kinley left for this city.

Yesterday, Dickson received a letter from the Mare Island attaches asking him to come and get his launch. Captain John Stanly was dispatched with his launch Ceres for the scene of the near battle and returned yesterday afternoon with the boat.

WASHINGTON, Aug. 7.—A geological survey report yesterday says that the value of the output of gold, silver, copper, lead and zinc in Nevada in 1911 was \$33,951,529, against \$34,151,148 in 1910, a decrease of \$198,619, or less than 1 per cent.

The production of gold in 1911 was valued at \$18,193,297, a decrease of \$685,467. There were increases in gold in several districts, including Manhattan, but large decreases in National and Goldfield.

The leading county in production of gold was Esmeralda, which yielded \$11,198,602, mostly from the Goldfield district. Nye county produced \$3,617,276, of which the Tonopah mines yielded \$2,386,495. The Comstock mines of Storey county produced \$977,349, against \$502,843 in 1910.

Production of silver in Nevada in 1911 was more than in any previous year, being 13,184,601 fine ounces valued at \$6,987,839, against 12,479,371 fine ounces, valued at \$6,739,180 in 1910.

Nye county produced 10,918,268 ounces. Of this output the Tonopah district yielded 10,868,268 ounces, or 82.4 per cent of the entire production of the state.

Copper production increased from 64,859,398 pounds, valued at \$8,173,

648, in 1910, to 67,377,518 pounds valued at \$8,422,190, in 1911. The increase was due to mines at Ely, in the Robinson district, White Pine county, which yielded 99.49 per cent of the entire production.

The production of lead in 1911 was 8,263,657 pounds, valued at \$146,865 against 4,871,130 pounds, valued at \$214,329, in 1910, a decrease of about 33 per cent.

Zinc production was 2,548,03 pounds, valued at \$202,238, against 2,707,071 pounds, valued at \$146,18 in 1910.

There were 661 mines producing gold, silver, copper, lead or zinc in 1911, compared with 608 in 1910. Of these seventy-two were placer mines. The total quantity of ore sold or treated in Nevada in 1911 was 4,132,72 short tons, an increase of 476,94 tons.

SAN FRANCISCO, Aug. 7.—Attorney Gavin McNab yesterday filed an affidavit in support of an order of sequestration to compel the heirs of the late Henrietta Hug to appear on August 18 and file the will left by the deceased. Judge Graham issued the order and a lively battle is expected.

Mrs. Hug, who reputed to be worth half a million, died on June 18 and her estate is understood to be left largely to her three daughters. Attorney McNab appears for two grand children, Mrs Oro Hope Johnson and J. M. Hug, who since June 1, 1910 and up to the time of Mrs. Hug's death have been endeavoring to have her declared incompetent.

It was alleged that she was held prisoner in her Octavia street home and through an undue influence decided all of her property to the Hug Estate Company.

This organization was formed by Charles A. Hug, son of the deceased, who succumbed prior to her death. He was a prominent Bohemian club member and director in this city of the interests of John D. Spreckels and Adolph Spreckels. The purpose of the motion yesterday was to enable the plaintiff to examine the will.

CRAIG, Colo., Aug. 7.—Mrs. Anna Decker for sheriff!

This is the slogan of friends of the intrepid woman who Sunday captured single-handed and alone, Charles S. Stelle, alias Charles Morgan, alleged leader of a gang of desperadoes from The Hole in the Wall country, Wyoming. If Mrs. Decker consents to make the race for sheriff of Moffat county it will be the first time in the history of the state that a woman has sought this office.

As a result of the terrible suffering sustained by the trio of outlaws who broke jail here a week ago, Charles Franzen, the first captured, lying at the point of death in a local hospital, suffering from blood poisoning through the infection of the bullet wound which he suffered prior to his capture. Sartelle is a ravine mauliac and has to be tied to his cot in the jail at Dixon, Wyoming, where he was taken following his capture by Mrs. Decker. Andrew Comstock is still at large with three poses of his trail.

BELIEVED TO BE SUICIDE.
SACRAMENTO, Aug. 7.—After shooting K. Metskishi in the shoulder in a quarrel over a woman in Courtland, shortly after midnight yesterday, M. Wyetsuka, a Japanese, disappeared, clad in his underclothes and is believed to have ended his life in the Sacramento river.

DENVER, Aug. 7—"I am guilty of it."

With this assertion, Eugene Miller, 20 years old and married, who recently shot Miss Georgia Lichtenwalter, a pretty young stenographer, with whom he was infatuated, inflicting wounds from which the young woman is slowly recovering, declared he would plead guilty to a charge of assault to murder in the West Side court today.

Miller shot Miss Lichtenwalter four times and left her for dead on a vacant lot. He was arrested after a all-night search, eight miles from Denver.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

Society

PRETTY white and green wedding will take place at 8:30 this evening, when Miss Helen Perkins, daughter of Mr. and Mrs. W. J. Perkins, and Alvin Martin will exchange marriage vows at the family home of the bride. The Rev. Elmer McBurney of this city will read the marriage service in a bower of paper tree boughs, palms and quantities of gracefully arranged Shasta daisies. The bride will wear white satin, made en train, and worn with the customary orange blossoms and veil. Miss Ruth Hazel Perkins, as maid of honor, will be gowned in blue satin, while Miss Katherine Hasty, as bridesmaid, will wear white lace over silk. The couple will, after their wedding journey, make their home in Alameda.

CHOOSING BRIDAL PARTY. Miss Belinda Stanton, fiancée of Thomas Kent, has chosen her bridal attendants. Miss Sidney Lyman will be matron of honor, and Miss Genevieve Owen and Miss Aileen Corwin act as bridesmaids. Miss Kathryn and Miss Lillian Kent will be flower girls.

RETURN HOME. Miss Harriet Knight and Mr. and Mrs. Clarence H. Gray returned a few days ago from Southern California.

RETURN FROM THE NORTH. Mr. and Mrs. David Sinclair have returned from Portland, where they attended the Ellis convention and have opened their summer place at Camp Mosier, where they are entertaining many of their friends.

ENGAGEMENT MADE KNOWN. Announcement has been made last evening of the engagement of Miss Margaret Haskins, daughter of W. S. Haskins, a well known mining man, to Ralph H. Wright, of Martinez. The news was given at the home of Miss Vincetta Moorehead, who entertained the member of the Oakland Club. The prospective bride is a member of the class of 1914 of the University of California. Wright received his degree from the same institution with the class of 1909, and has now established a successful law practice in Martinez. He is the son of C. N. Wright, a pioneer of Contra Costa county.

OAKLANDERS AWAY. Miss Christine Ramsay of Oakland is in New York for a few days and is staying at the Hotel Waldorf.

Miss Jean Kennedy and Miss Margaret Kennedy are spending the summer in the south, and are at present guests of Mrs. Joseph McGrath at Oakland.

Mrs. J. P. Cockroft and Miss Theda Cockroft, who have taken a trip to Australia, are expected home on August 15.

Miss Clara Alexander is spending some enjoyable days at Del Monte.

Miss Elsie Merryweather has been spending part of the summer in Alaska, where she has had a delightful time.

Mrs. J. H. Nicholson will return in a few weeks from Seattle, where she has been the guest of her son, Paymaster Richmond Nicholson, U. S. N., and Mrs. Nicholson.

Mrs. Fred Beckhoff, Miss Flora Riaz and Miss Amy Halpin are spending their vacation at Santa Cruz, and are expected back about the first of next week.

TO BE HOSTESS. Miss Theo Spaulding was hostess at a business party in compliment to Miss Mary Shattuck Boyden of Boston, who is visiting here.

DEPART FOR FORT SHERIDAN. Mr. and Mrs. Charles Sherman Hoyt have gone to Fort Sheridan, where they will arrive late this week.

TO BE BRIDE. Miss Kate Heavyside and Charles Pyron will be married next Wednesday at the

WOMEN IN THE NEWS

TRIAL MARRIAGE SUCCESS; REAL ONE NOW

Los Angeles Couple Satisfied They Can Live Without Marital Storms.

SACRAMENTO, Aug. 7.—Having sailed together in a temporarily equipped matrimonial craft for six months without a storm sufficient to cause a wreck, J. P. Staskey and Mrs. C. A. Dillon of Los Angeles have decided to enter permanently into the matrimonial harness, when the Rev. L. S. Jones of the Methodist Episcopal church (South) performed the ceremony.

Staskey and Mrs. Dillon entered into a written contract in Los Angeles six months ago.

When approached to perform the ceremony the Rev. Jones was uncertain as to how he should proceed, for the reason that no license had been procured. Accordingly, he sought legal advice, and was referred to section 79 of the Civil Code, which reads as follows:

"When unmarried persons, not minors, have been living together as man and wife, they may, without a license, be married by any clergyman."

The Rev. Jones performed the ceremony without further question.

Praises State Beauties

SAN FRANCISCO, Aug. 7.—Miss Lucile Knight Mason, the Portrait Princess of Missouri, whose Byzantine-like beauty she has pictured the first prize at the national convention of American Photographers in Chicago, is fascinated with the loveliness of California women.

Miss Mason, who is 18 years old, is visiting in San Francisco with her parents and is stopping at the St. Francis.

"Such complexions! Such coloring that the women of California have!" exclaimed Miss Mason ecstatically at the St. Francis yesterday. "Nowhere are there more interesting women to look at."

A prize beauty herself, the opinion of this lovely girl of Kansas City was delivered with conviction.

"I have found my visit here altogether enchanting," she declared. "I could have danced with delight when my father told me he was thinking of coming to live here permanently."

Besides her beauty, Miss Mason is distinguished by many attractions. Educated like a girl of old Greece, she had studied music and dramatic expression since a child of 5 years, and is known in her native state for her talent as an amateur actress. She has appeared in many private theaters of the smart set in Kansas City and elsewhere.

She is also an accomplished dancer and a tennis and golf enthusiast.

"I have studied for no particular profession, and am not thinking about entering one at present," explained Miss Mason in answer to a question. "I believe an American girl cannot have too many accomplishments, even if she employs them for no other purpose than to make her home life interesting. That, in fact, should be the main reason for her accomplishments, I think."

"Music is my favorite diversion, and I find more enjoyment in playing the piano than what shall I say—trying on a new gown."

"I am looking forward with genuine pleasure to my next visit to San Francisco, and will use all my persuasion to make my parents hurry their decision to establish themselves here permanently."

Woman Wins 'Count'

CHICAGO, Aug. 7.—Olivia N. Orloff, aesthete and many other things, who gained much notoriety in San Francisco 1911 in connection with the International Humane Endeavor Society and the United Arts and Crafts League, has announced her engagement here to Harry Starnes, sister of the New York banker, who is reputed to be worth \$50,000,000.

Orloff, who claims to be a count, was arrested in San Francisco on complaint of Thomas Kullusjian, who accused him of assault. During the hearing Kullusjian and other men testified that they had been employed by Orloff to spy on women on the streets of the headquarters of the United Arts and Crafts League. Orloff, they said, used the information they furnished him to get money out of the women.

The wedding of Orloff and Miss Sparrow had been set for today at the Blackstone Hotel, but that the prospective bridegroom was reported to be financially embarrassed.

While directing the organizations he founded in San Francisco, Orloff had many women in his train. He was once said to be a spy in the employ of Russia, but managed to escape the charge with the facility he displayed in escaping all charges made against him.

Convict Suffragette

DUBLIN, Ireland, Aug. 7.—Bladys Evans, a suffragette, was found guilty yesterday of attempting to set fire to the Theatre Royal on July 13 before an address by Premier Asquith on "Home Rule." Sentence was reserved.

Three other suffragettes, Mary Leigh, who is accused of throwing a hatchet at Asquith on the same occasion, and Mabel Campbell and Elizabeth Baker, accused of being accomplices of Evans in the attempt to burn the Theatre Royal, were tried today.

The prisoners, with Tom Haley, their principal counsel, were hooted when they entered the courtroom.

Mary Leigh refused all information as to her identity and announced she would defend herself.

Girl Is Sought

PLACERVILLE, Aug. 7.—Sheriff Chas. E. Harrell has been asked to find R. Harrell, his wife and 14-year-old Olive White.

A telephone message to the sheriff came from Sutter Creek yesterday from F. J. White saying that the Harrells have his daughter. Harrell was interested in a tailor shop here, but sold his interest in it recently and left here, presumably for Sacramento. The Harrells had become acquainted with the Whites when Harrell worked as a rancher for the local order of Moose in that district.

A month or more ago the Whites came through Placerville, and Harrell and his daughter with them. Harrell finished their work they endeavored to get in touch with Harrell, but have not been able to do so.

Can't See Wife

A month or more ago the Whites came through Placerville, and Harrell and his daughter with them. Harrell finished their work they endeavored to get in touch with Harrell, but have not been able to do so.

Be Comfortably Beautiful

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

HAVE written upon the beauties of women alone with this one thought in view: To be uplifting and comforting. If I bring the subject of man into this article it is simply to illustrate a point. Ninety-nine women out of every hundred imagine that they have something the matter with them, which makes them worry and become disagreeable to others. Men are the happy creatures of this world on account of the difference in their habits of thought and action. Men follow nature more closely, while women impose on nature. Out of this grow a thousand and one reasons why men are more healthy and more comfortable than women. Men have constant mental occupation. Their lives are more emancipated. They are more comfortable because they have broader opportunities to select and vary their companionship. They do not wear corsets nor French heels. Men are more comfortable because they have an individual self-respect which enables them to live nearer their own feelings and bear their years better.

The acting of a man's mind in his daily occupation, his freedom of thought and habit is the salt that saves the body from stagnation and decay. Women are restricted by social laws. The beauty of free, unconscious individuality is sacrificed to fashion. If the body is cramped the ideas will be cramped. None but a cramped soul would allow the body to be pinched and paralyzed. Men follow more closely the laws of simplicity and the behests of their own natures. Few women are sufficiently self-respecting to dress, act, think, eat and live as best suits themselves. Where is the self-respect of the women who adhere to conventions in selecting a career and those who resort to lotions and paint to supplant nature's pigments? Where is the self-respect of those who lack the courage to govern their diet? Or of those who spread their secret griefs abroad by frowns and whines and facial thunder clouds, giving the world details of their aches and pains?

Carlyle says: "Instead of boiling up individuals into the species I would draw a chalkline around every individual and preach to it to keep within that and to preserve and cultivate its identity at the expense of ever so much lost gilt of other people's issues." Be your best self. Veil your scowls and deformities behind an intelligent front. Carry content to the world. Give it your smiles, your mirth, your victories, your beauty. Remember, the world has need of the loveliest, the most loving and lovable without regard to sex.

Answers to Queries

BELLE.—I do not think sour milk would do any good in your case. When sour milk is to be used as a remedy for illness its preparation and method of use should be under direct control of a physician. But, besides the strictly medical feature, there is a wide field of usefulness for sour milk which is said to be "a probable preventive of disease and a possible agent in the lengthening of life." It may be taken morning, noon, or night—indeed, at any time. An average amount that may be taken daily is from a half pint to one pint. The best effects will be gained if at the time of taking the milk the quantity of meat is reduced, with the substitution of fish and yolk of egg.

If you will send me a stamped,

addressed envelope I shall send you the Hungarian water for toning up the skin and the elder flower skin food which is excellent for a thin skin.

HELEN B. J.—Pulse, or the right position of the body, is the first essential for health or grace. In order that there shall be no pressure on any organ in standing, or a strain in walking, the weight must all rest on the ball of the feet. This habit may be easily acquired by rising on the feet, then letting the heels go slowly down, without tipping the body back. From this simple exercise one soon forms the habit of keeping the weight well forward. In this position all extra pressure is taken off the back. I am mailing you the recipe for the skin food which I have used for over twenty years with great success.

LILLIAN RUSSELL. Copyright Photo by Schloss, N. Y.

MRS. B.—I would suggest that you use a good skin food, massaging it into your face at night when retiring. The chief cause of wrinkles lies in a shrinking of the muscles of the face, due to insufficient exercise. In early youth almost every muscle is brought into constant play through youthful activity, and constant play through tivity, and as one settles down in life the muscles of the face and neck get little exercise unless stimulated by scientific and regular massage. Ten minutes devoted to massage every night would successfully ward off wrinkles until old age was really reached, and did women but realize this we would see many more youthful faces around us. The secondary cause lies in the shrinking of the fatty tissues beneath the skin, which need to be fed regularly, just as we feed our bodies and keep them healthy and strong. Great care must be exercised in the choice of a skin food. One must be secured which while nourishing the skin, will not in any way encourage a growth of superfluous hair nor make the skin greasy during the day. Before applying it the face should be gently sponged over with warm water into which a few drops of tincture of benzoin have been shaken. I shall be happy to send you the formula for the skin food which I have used for over twenty years with great success and which is most frequently used by the French and Russian women. Write me again asking for it, inclosing a stamped, addressed envelope, and I shall send it to you. I shall also send you correct instructions for facial massage, for more harm can be done to the face by incorrect massage than by leaving the face alone.

ODD FELLOWS TO OCCUPY NEW HOME

SAN JOSE, Aug. 7.—The California Lodge of Odd Fellows will move the inmates of its home at Thermalito to the new structure at Saratoga as soon after September 1 as possible. Work on the \$200,000 home buildings now here was practically completed today, but the furnishings are yet to be installed.

ROSEBUD SYRUP

MEXICO IS TO SEEK PEACE

WARRANT FOR HINKEL IS ISSUED

Clubman Charges the Missing Broker With Passing Fictitious \$5400 Check.

Accused Man Alleged to Have Used \$50,000 Belonging to Others.

SAN FRANCISCO, Aug. 7.—Another accusation was made today against George A. W. Hinkel, who is alleged to have absconded with \$50,000 belonging to his stepfather, William Hinkel, former president of the California Oil Stock Exchange, Ferdinand Thieriot, a prominent clubman and local manager for Byrne & McDonnell, stock brokers, in the Merchants Exchange building, where he was today charged with passing a fictitious \$5400 check.

Just prior to his disappearance on Monday, Thieriot claims that Hinkel came to him and informed him that he wanted to clear a trade, that his father was out of town and that it would be an accommodation if the firm would cash a \$5000 check for him.

He gave them a check for \$5000 drawn on the International Banking corporation, and Thieriot in turn wrote him a check for \$5400 drawn on the Wells-Fargo Nevada National bank. The \$400 was a personal advance. The check on the International Banking corporation was returned with the mark "No funds" written across it, whereas Hinkel cashed the Wells-Fargo check without difficulty.

ADMITTING DEFALCATION. Admitting in a note left for his stepfather that he is an absconder, Hinkel has disappeared, and with his disappearance there have appeared a number of rumors that are giving some of the brokers in the Montgomery and California street financial district no little worry. According to the story that spread through the district yesterday and which was admitted by William Hinkel, broker, real estate dealer and money lender, his stepson, George, dropped out of sight after making away with money and securities valued at from \$20,000 to \$50,000.

That, however, is not the end of the trouble. However, that is as much as is openly admitted by the interested parties. Behind that matter of fact story of the disappearance of a misguided young man with his stepfather's money, is a story of a series of stock transactions with an unexpected turn to the affair.

The trouble, as have many troubles of the street in San Francisco, hinges around the north end Comstock securities. It has been rumored that E. J. De Saba, Jr. and his associates will, within a few days, secure absolute control of the north end Comstock mines, the Union and Sierra Nevada. Such a transaction, it is said, may result in sending those stocks skyward at a rapid rate.

The rumor that the elder Hinkel, who acts not only as a broker on the exchange, but who loans money at interest to other brokers, is heavily short on north-end Comstocks. If that be the case, and there comes a reorganization of the company with the De Saba interests in absolute control, it is expected that there will be a stampede to buy the securities and a scurrying to cover of those caught short.

Just what the rumored condition of affairs has to do with the disappearance of young Hinkel and the story following that he had sold his father of nearly \$500,000 in money and securities is a question that is giving brokers considerable worry.

The elder Hinkel has not taken the police into his confidence. He has made no effort through the police to apprehend the young man, although the discovery of the defalcation was made yesterday morning.

The note in which young Hinkel admitted his defalcation was addressed to Sam Shannon, who is interested with the elder Hinkel in oil properties. The note explained that the young man had sold himself and that he dare not face his stepfather, who had been his best friend. Young Hinkel further explained that he was leaving for distant parts, taking with him \$50,000, and that he had no intention of returning.

VESSEL IS DAMAGED AT SAN FRANCISCO DOCKS

SAN FRANCISCO, Aug. 7.—A fire on the tug W. G. Irwin, loaded with lumber, belonging to the Roch Harboer Lumber company, caused \$5000 damage this morning. The boat was lying in the channel at Third and Berry streets, when the flames were discovered at 7:30 this morning. Special Officer Robertson turned in the alarm.

MELROSE BOY BADLY HURT BY AUTO

Chauffeur Accused of Wrecking Wagon and Speeding Away.

Carl Coates in Serious Condition as Result of Accident in Elmhurst.

ELMHURST, Aug. 7.—Carl Coates, ten-year-old son of Mrs. John Coates, of 1423 Fifty-ninth avenue, Melrose, was painfully injured this morning by an automobile which the boy claims was numbered 74,735.

This car, according to the state register of motor vehicles, is the property of the Union Water Company.

The boy was riding on a wagon in the direction of Oakland when the machine, going in the same direction, crashed into the wagon, throwing the lad to the ground and inflicting painful bruises about his body.

Without halting his car and with a laugh the chauffeur is said to have speeded up and headed for Oakland, without even looking around to see how badly the wagon was damaged.

Young Coates was picked up and carried to a nearby drug store where restoratives were administered. Later he was taken home. The boy's injuries are considered serious and the parents state that they will prosecute the offender to the full extent of the law. The police have been notified and are making a search for the reckless driver.

The officials of the Union Water Company, when asked about the affair stated that they knew nothing about it. Their offices are in the Realty Syndicate building.

ROPE PARTS, GIRL HURT IN ESCAPE

Delinquent Drops Two Stories in Fleeing From Detention Home.

SAN FRANCISCO, Aug. 7.—In a desperate attempt to escape from the juvenile detention home on Sutter street at 2:30 this morning Adele Kraetschmer, a delinquent, age 17, made a rope of her bed clothing, dangled for a moment from a third-story window and then fell crashing to the ground.

That she was not killed or fatally hurt in the fall was due to the soft ground on which she was precipitated, but she was so hurt and bruised that she was unable to make her escape and was caught by Policeman Oliver Cox as she was vainly striving to vault a fence.

The girl had been at the home about a week. It is believed that she may be an escaped probationer from Los Angeles. Her escape was carefully planned and she succeeded in persuading a girl companion to try it with her. Taking the sheets and blankets from her bed she tore them into strips and made a rather frail rope. With the aid of her companion she tied the cloth to the foot of the bed and began to climb from the window and.

She had reached almost the end of her hope when the sheets parted and she fell nearly two stories. The noise made by her companion, who screamed and by her own feeble moaning as she picked herself up was heard by a matron, who telephoned for the police.

YOUTH FOUND GUILTY ON CHARGE OF GIRL

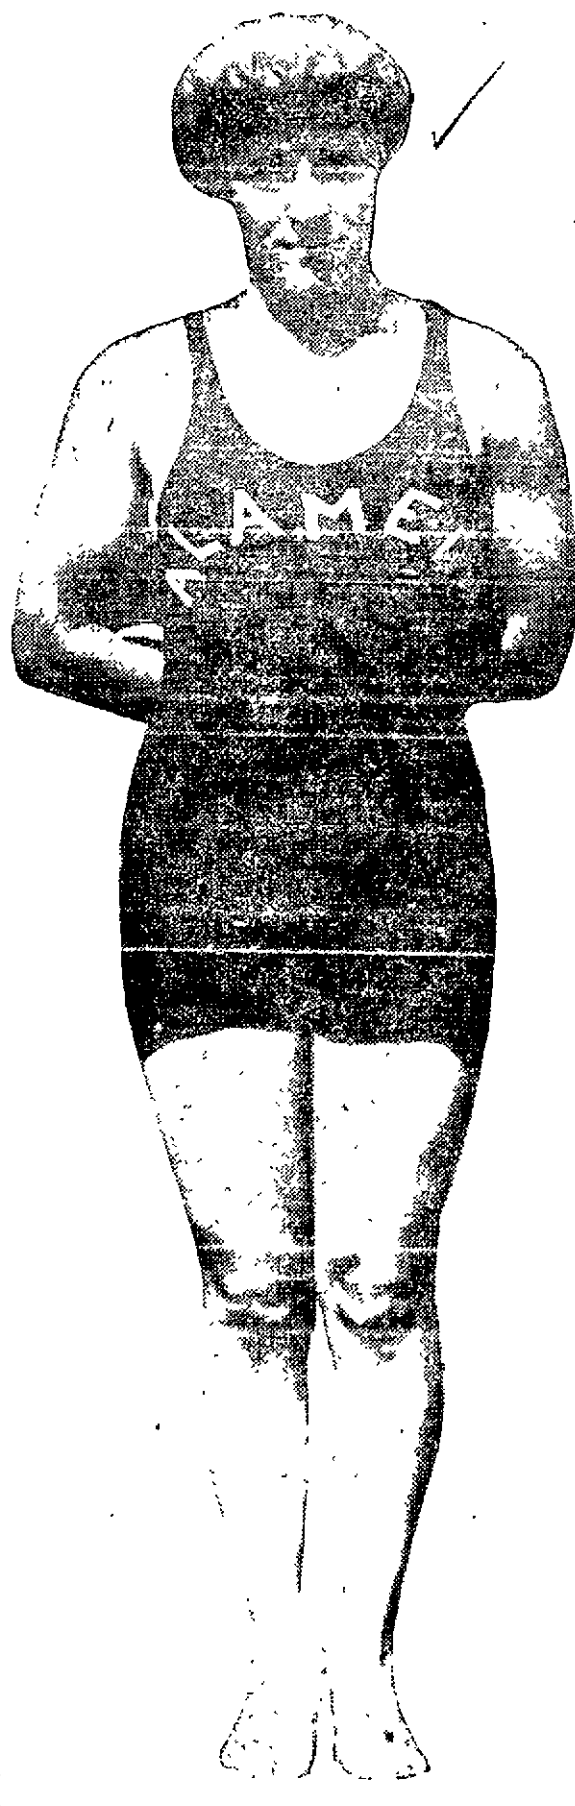

Seraphim Frates, a San Leandro youth, 17 years old, was adjudged guilty of a charge of seduction under promise of marriage by a jury in Judge Billworth's court late yesterday afternoon. The complaining witness was Virgie Marshall of San Leandro, whose age was the same as that of the defendant. The trial lasted a week, but it took the jury only fifteen minutes to bring in a verdict. Deputy District Attorney Smith prosecuted the case.

The limit prescribed for the offense of which young Frates was found guilty is five years' incarceration in a state prison. The youth will probably be sentenced next Monday.

ALAMEDA GIRL WOULD SWIM ACROSS THE BAY

MISS NELLIE SCHMIDT.

Mermaid to Attempt Feat Will Be the First Woman to Do It

ALAMEDA, Aug. 7.—Miss Nellie Schmidt, a well-known swimmer of this city, declares her intention to make a second attempt to swim San Francisco Bay, from the Ferry building side, landing at the Oakland mole. This athletic young woman has accomplished the feat of swimming the Golden Gate and has won fame through her daring aquatic ventures.

Considerable practice has kept her busy at the West End Rowing Club quarters, where the water is several degrees colder and more lively than the shallow waters of the south bay Alameda beach, where the young woman trained for her initial attempt.

Her first failure to cross the bay was attributed to the colder water midway and the strong current conditions which were a great hindrance to headway. She swam far out into the bay, making an excellent record, but became chilled and was compelled to give up the struggle.

If Miss Schmidt succeeds in her undertaking she will be the first woman swimmer to accomplish this feat. Dr. F. H. Riel was the first man to swim the bay, and stood unrivaled for nearly 30 years. An Olympic swimmer made a successful attempt at the feat, and went on record as emulating the Riel feat.

WEALTHY FIND MANY STOLEN VALUABLES

\$200,000 Worth of Loot of the Society Burglar Is Identified.

Rooms Where Possessions Are Displayed Resemble Store.

CHICAGO, Aug. 7.—Nearly \$200,000 worth of jewelry, silverware, bric-a-brac, costly silks, expensive lace and other articles—part of the \$350,000 plunder of Jacob M. Guthrie, Chicago's society burglar and forger—has been identified at detective headquarters by wealthy residents of the south side. Several rooms where the property was displayed for identification had the appearance of a high-class sales room. Only those whose homes Guthrie had confessed robbing were allowed to see the costly collection.

Among those who identified property were Mrs. Otto Young, Mrs. Samuel W. Allerton and Mrs. Franklin P. Smith.

The estimated value of Mrs. Allerton's articles is \$100,000. Some of the articles had not been touched for forty years until Guthrie raided the attic where they were stored. Two watches which were worn by King George III were in the lot identified by Mrs. Allerton.

Mrs. Otto Young identified a miniature photograph of her husband, who died some years ago. Mrs. Young laid claim to about \$50,000 worth of articles.

Today the police invited members of the families of Mrs. George M. Pullman, Mrs. H. O. Stone and Mrs. C. T. Kellogg to inspect the collection of stolen articles, the burglar having confessed to robbing their homes.

START GRASS FIRE; MUST FACE TRIAL

Man and Woman Motorcyclists Taken to San Luis Obispo.

Mr. and Mrs. H. Davidson, the motorcyclists from Los Angeles, who were arrested here yesterday on a warrant from San Luis Obispo county, were taken south today by Constable Dan Bierber of Salinas township.

Sheriff Barnett learned this morning from Constable Bierber that the Davidsons are accused of having negligently started a grass fire which threatened the destruction of 15,000 acres of grain and \$20,000 worth of buildings on a high ranch six miles south of San Luis Obispo.

Ranch hands saw the fire just after the Davidsons had ridden away after resting for a few moments at a little creek bed. According to the constable a stiff north wind was blowing at the time and only a fierce hour's battle with all the men on the ranch were the flames overcome and the property saved.

So busy was the fire fighters that they had not time to telephone a warrant for the arrest of the motorcyclists until the latter had passed beyond the confines of the county.

They will be prosecuted under the state forage law, which makes it a misdemeanor to negligently start a fire.

JEWELS UNDER PILLOW FOUND BY BURGLAR

Hidden beneath a pillow in the dining room, Mrs. E. H. Wasmuth, of 644 Ninth street, believed that her jewels were safe until she went to look for them last night and found them missing. She has reported the loss of a diamond and emerald ring to the police.

Mrs. A. J. Scott, of 254 Twelfth street lost a gold fob with diamond setting on a train from Sacramento while enroute to Oakland last evening and she has asked the police to assist her in finding her valuable.

While returning from the ball game at Freeman's park last Sunday Mark O'Reilly of 1024 Fifty-fifth street was the victim of pickpockets, who took his watch and \$10. The watch bore his initials.

GOVERNMENT ENVOYS TO CONFER WITH ZAPATA

General Orozco Makes Ready to Quit Juarez With His Troops

MEXICO CITY, Aug. 7.—Representatives of the government will meet Emiliano Zapata, the rebel leader, at El Jilguero, Morelos, tomorrow to discuss measures aiming at peace in the southern part of the republic.

Zapata has declared he would consider no peace proposal unless it contained Madero's resignation. But the government has proceeded with plans for the conference and the cabinet has been instructed to obtain an armistice if it can.

Whether the commission will consider the resignation of Madero is highly improbable, but it is felt that once the peace conference is begun terms can be made that do not include such provision, since the provisional complaint of the Zapatistas has been that coming from the owners of the lands.

TO EVACUATE JUAREZ. JUAREZ, Aug. 7.—Five big locomotives are kept in steam continually in the railway yard here and railway equipment awaits the evacuation of the troops under General Orozco, commander of the rebel forces of the north. But Orozco has decided to wait another day, waiting until the two federal armies to the south move into the position desired.

On the checker-board of the ensuing campaign in the state of Chihuahua there was one move yesterday. General Rabago with his federalists moved north from Madera toward the pocket. The federal army of General Sanjines is supposed to have caught lines Salazar's forces at the mouth of Salazar's forces remain at San Diego, according to rebel reports here, and are only a few miles from the

'PUTS ONE OVER' ON BOASTFUL SLEUTH

Sheriff Barnett Picks Pocket of Well Known Detective From East.

There is one Eastern police detective who has a whole lot of respect for Western sleuths in general and for Sheriff Frank Barnett in particular. This official comes from Chicago and his reputation as a detective is unquestioned. Recently he was the guest with others of Sheriff Barnett at dinner. The visitor was inclined to be somewhat boastful of his unending vigilance until Sheriff Barnett surprised him by removing a watch and fob from his guest's vest pocket. Later in the evening he turned the stolen property over to the detective's assistant.

The story came out when the Eastern detective wrote to Sheriff Barnett after he had reached home, and laughingly confessed his humiliation.

15,000,000 School Children Need Doctor's Attention

WASHINGTON, Aug. 7.—Fifteen million American school children need a doctor's attention. This is the estimate furnished the United States Board of Education by Thomas D. Wood, professor of physical education in the Columbia University Teachers College.

"Of the 20,000,000 school children in this country," says Dr. Wood, "not less than 75 per cent need attention for physical defects which are prejudicial to health and which are partially or completely remediable."

Some of the doctor's conclusions are as follows:

"Several million children have two or more handicapping defects: four hundred thousand have organic heart disease; at least one million have or have had tuberculosis; about one million have spinal curvature; five hundred thousand have defective vision; about 5,000,000 are suffering from malnutrition; six or seven million have enlarged tonsils, adenoids or enlarged cervical glands; over 10,000,000 have defective teeth which are interfering with health; about 100 cities have as many different kinds of organizations for the care of health in the schools."

Denison at Session of Highway Board
The woman, under arrest in Portland for the alleged theft of \$2500 from Napping, who is three-score years and ten, protests her innocence declaring that she was never engaged to him and never had any intention of marrying him. She referred to him as "Buddy Napping" and said he was a "silly old man."

BERKELEY

BAND TO PLAY AT ELKS' SITE

The Preliminary Dedication Is Planned for Building Lot of Berkeley Lodge.

BERKELEY, Aug. 7.—As a preliminary dedication of the Elks' lodge building site on Alameda, west of the Shattuck Hotel, members of Berkeley lodge, No. 1022, have arranged for an open air concert this evening to be given by the Elks' band. The band is to be composed of the Elks' band and the public generally is invited to be guests of the Elks at this evening.

At the recent grand lodge reunion in Portland the Berkeley delegation was accompanied by the Fifth Regiment band under the leadership of George W. Hollister. In competition with other bands from all parts of the country the Fifth Regiment organization was awarded first prize. Upon the conclusion of the concert this evening the players will be tendered a reception by the lodge at the club-rooms on Shattuck avenue.

An interesting program has been selected of classical and popular airs. The several numbers will be as follows: "Cello," "Sembrando," "Rosaire," "Blue and the Gray," "Daisy Bell," "Faust," "The Rose," "Blonde," "Cortina," "1812," "Tchaikovsky," "Star-Spangled Banner."

REGISTRATION INCREASES IN BERKELEY SCHOOLS

BERKELEY, Aug. 7.—Notable advance over last year in registration appeared today in the returns from both high and grammar schools as tabulated at the office of Superintendent Morris C. James. The high school and ninth grade registrations amounted to 1385 at the close of yesterday's session and are an advance of 455. The former was an advance of 510 and the latter an advance of 100 over the preceding year for the second day of school.

The McKinley grammar school tops the list in registration this year with close to 500 pupils in the grades and over 150 in the ninth. Washington school is next with over 500 in the grammar grades and over 100 in the ninth. The registration is expected steadily to increase through the week.

MRS. FRANCES SHERAMSKY IS CALLED BY DEATH

ALAMEDA, Aug. 7.—Mrs. Frances Sheramsky, wife of George Sheramsky and mother of Harry and George Sheramsky and Mrs. B. Stange, died at her home, 522 Taylor avenue this morning. Mrs. Sheramsky had been an invalid for many weeks.

Mrs. Stange, the daughter, was only 21 years of age and is a present with her husband in Chicago, where the wedding took place. She has been notified of the death of her mother.

The Sheramsky family has been prominent in city life, the sons being connected with several important clubs and having been received and the funeral will take place Friday.

OXFORD SCHOOL BOYS FIGHT FIRE IN GRASS

BERKELEY, Aug. 7.—Pupils of the Oxford school, Bunker and Oxford, fought a fire which started in the grass near that structure yesterday afternoon and succeeded in extinguishing it before it had reached the building.

When the fire started the teachers granted a temporary recess during which the boys placed hose near the building. The fire was extinguished by the pupils. The children in the school were marshaled for fire drill but there was no need for them to quit the building.

ALAMEDA BONDS TO BE SOLD OCTOBER 15

ALAMEDA, Aug. 7.—The recent Alameda bond issue is to be sold on October 15, the city council having fixed the date for the sale of the bonds. The issue is \$1,000,000 of which \$100,000 is for light plant betterments and \$900,000 for the installation of a light plant and telephone system.

Among numerous inquiries from bond buyers have been received and it is expected that brisk bidding will attend the sale. The bonds will probably earn a substantial premium.

UNIVERSITY CITY MINISTER MAY GO EAST AS EDUCATOR

REV. RICHARD M. VAUGHAN.

BERKELEY, Aug. 7.—Notable recognition has been accorded to Rev. Richard M. Vaughan, pastor of the First Baptist church of this city, in the offer of a professorship in theology at the Newton Theological Institute at Newton Center, a suburb of Boston.

Rev. Vaughan has not yet announced his decision, but is expected to do so at the prayer meeting of the First Baptist church this evening.

Newton Theological Institute is one of the oldest and strongest institutions in the country in the Baptist faith. It has graduated a number of well known American ministers in the past years. Its president is George E. Hoar, D. D.

Rev. Vaughan has been pastor of the Baptist church in this city for three years, coming here from a Wisconsin pastorate. His service here has been very successful in the prosperity of his congregation. The recent plan of the purchase of Trinity Methodist church in this city has been launched under his guidance. He is a graduate of Brown university and took his divinity work at Chicago.

Members of his church are awaiting with much concern the announcement this evening in regard to the Newton offer.

MUNICIPAL WHARF BID IS ACCEPTED

MARTINEZ, Aug. 7.—At the meeting of the board of trustees last night the bid of the Mervin-Elwell Company for the construction of the municipal wharf at a cost of \$31,840, was accepted. The city attorney was ordered to draw a contract for the wharf and provide for a payment of \$2500 to be made on the completion of the dredging. \$10,000 to be paid when the masonry is on the ground, \$1000 when the wharf is completed and the balance in thirty days after the work is accepted by the city.

MAY INCORPORATE

WALNUT CREEK, Aug. 7.—The Business Association will hold its annual election of officers this evening and a mass meeting of the citizens has been called to meet at the same time. The election is on the ground, \$1000 when the wharf is completed and the balance in thirty days after the work is accepted by the city.

The election is on the ground, \$1000 when the wharf is completed and the balance in thirty days after the work is accepted by the city.

RUSSELL DIRECTOR

WALNUT CREEK, Aug. 7.—At the regular meeting of the directors of the San Ramon Valley Bank held on Saturday, August 4, Mr. Russell of Concord was elected director to serve for the ensuing year. Russell is secretary of the firm of Russell & Sonner, and has been identified with the flour and grain business of Contra Costa county for the past thirty years.

COLLIER LEAVES

ALAMEDA PERSONALS

ALAMEDA, Aug. 7.—Miss Della Dinnin has returned from Sacramento, where she spent three weeks as the guest of friends. She is now at the home of her mother, Mrs. Ben Lomax, in the Santa Cruz mountains, and will return to Alameda on Monday.

Mrs. A. L. Walker, who spent six months in Southern California, has returned to her home in Alameda. She is now at the home of her mother, Mrs. Ben Lomax, in the Santa Cruz mountains, and will return to Alameda on Monday.

ENGLISH ORGANIST TO BE HEARD HERE

Music lovers of Oakland are to have an opportunity of hearing Gatty Sellars, the English organist-composer, in two free concerts at the First Congregational church, Twelfth and Clay streets, Monday and Tuesday, August 12th and 13th. He will play selections from the great composers; also from his own compositions. He carries with him a set of tubular chimes used in Westminster Abbey during the coronation service.

C. N. WHITMORE DIES WHILE ON VACATION

MODESTO, Aug. 7.—C. N. Whitmore, of Ceres, one of the most prominent residents of this section of the state, died yesterday at Twin Lakes, near Santa Cruz. His death was caused by a tumor of the brain. He had gone to the seaside resort with the hope of obtaining relief from his malady but he grew steadily weaker.

The family was at his bedside at the time of his death. Two of his sons, Ray and Vaughan, left yesterday for Twin Lakes, joining the other members of the family there.

CELEBRATE ANNIVERSARY

BERKELEY, Aug. 7.—Dr. G. L. Tufts, advocate of the Sunday closing law, and Mrs. Tufts celebrated their silver wedding anniversary Monday evening at a dinner party. Among the guests were Rev. Charles E. Dalton and Rev. H. B. Johnson, former classmates of Dr. Tufts at Drew seminary. Dr. and Mrs. Tufts were married in Ohio by Bishop J. C. Hartzell, now bishop of Africa.

CLUB TO REOPEN.
ALAMEDA, Aug. 7.—Following a long vacation the Alameda club will open this evening with a program of music, drama and mystery. The program will be given by the Alameda club. The program will be given by the Alameda club.

AND

ALAMEDA TEACHERS NAMED; ASSIGNED

Several New Instructors Are Elected and Others Given New Positions.

ALAMEDA, Aug. 7.—Elections of teachers and classification of teachers was the principal business before the board of education last night. Miss Ida M. Cowley was granted leave of absence to January 1. She is on the preferred list but is teaching in Napa high school until a vacancy appears in the Alameda schools.

Miss Maude Garvey was granted a year's leave of absence to continue her science study in the Santa Barbara normal school.

Miss Fannie O. Jones of Washington school was elected to the position of principal of the high school.

Miss Nell E. Ford was elected teacher of biology, vice Miss Susie Dyer, now on leave.

Charles Daniels was elected to the vacancy in the high school faculty, vice Mr. Victor Stanley, now principal of the Corona high school.

Eleanor Kempton was granted six months' leave of absence on account of illness. She is on the preferred list but is teaching in Napa high school until a vacancy appears in the Alameda schools.

Miss Adia Royal was transferred from Lincoln to Haight school. Miss Alesia Gil was assigned to Lincoln school from the preferred list.

Miss Carrie F. Williams was named as teacher in manual training vice George F. Smith, who has been assigned to the contracting business in Los Angeles.

F. S. Ramsdell, who has been studying business branches at the University of Wisconsin, was named as vice principal of Washington school.

Miss Hanna Oehlmann was assigned as special German teacher in Washington school.

Miss Augusta Kuhl was assigned to first grade in Longfellow school, vice Miss Irene Stevens, who was married last week. Miss Lillian Peake was assigned as regular assistant teacher vice Miss Ida M. Cowley, promoted to regular teacher.

All other teachers retain the same assignments filed last term.

KINDERGARTEN CLASSES IN ALAMEDA SCHOOLS

ALAMEDA, Aug. 7.—The first public school kindergarten in the history of Alameda will be a feature of the fall term of school, beginning on August 26. The start will be made in Lincoln. The ages, under the school law, are from 3 to 6 years. An effort will be made to have the entrance 425. Sixty-four until the accommodations are enlarged.

Children from all sections of the city will be received. To avoid disappointment parents would do well to register the names of the children at once with the city superintendent of schools. The kindergarten will be in charge of Miss Maud Murphy, principal, and Miss Irene Taylor, assistant.

Statistics pertaining to the traffic along Broadway and other important streets in Alameda have been compiled by Acting Chief of Police Walter J. Petersen, with the object in view of a reorganization of the traffic regulations such as are on Market street in San Francisco.

Fourteenth and Broadway and the gate at the corner of Twelfth and Broadway were recorded. Fifteenth and Broadway is next on the list with 5623, then comes in order of magnitude, Twelfth and Broadway, 4254, San Pablo, 4200; Fourteenth and Clay, 3320; Twelfth and Washington, 2685. Twenty-fourth and Broadway, 2685, includes the passage each ten hours of 6105, more or less vehicles bound to and from East Oakland.

MILITIA LEADER KILLS HIMSELF ON TRAIN

PHILADELPHIA, Aug. 7.—Colonel Gibbons Gray Cornwell of the Sixth Regiment, National Guard of Pennsylvania, and a lawyer of Westchester, committed suicide last night on a train on which he was returning from New York to his home town to face charges of appropriating bonds belonging to a trust estate. While the regiment which he commanded was in camp one of his clients died, leaving a will in which other executors named for an estate which he held in trust. Investigation on the part of the new executors, it is alleged, led to the discovery that a number of bonds belonging to the estate were missing.

ALAMEDA PERSONALS

ALAMEDA, Aug. 7.—Miss Della Dinnin has returned from Sacramento, where she spent three weeks as the guest of friends. She is now at the home of her mother, Mrs. Ben Lomax, in the Santa Cruz mountains, and will return to Alameda on Monday.

Mrs. A. L. Walker, who spent six months in Southern California, has returned to her home in Alameda. She is now at the home of her mother, Mrs. Ben Lomax, in the Santa Cruz mountains, and will return to Alameda on Monday.

ENGLISH ORGANIST TO BE HEARD HERE

Music lovers of Oakland are to have an opportunity of hearing Gatty Sellars, the English organist-composer, in two free concerts at the First Congregational church, Twelfth and Clay streets, Monday and Tuesday, August 12th and 13th. He will play selections from the great composers; also from his own compositions. He carries with him a set of tubular chimes used in Westminster Abbey during the coronation service.

C. N. WHITMORE DIES WHILE ON VACATION

MODESTO, Aug. 7.—C. N. Whitmore, of Ceres, one of the most prominent residents of this section of the state, died yesterday at Twin Lakes, near Santa Cruz. His death was caused by a tumor of the brain. He had gone to the seaside resort with the hope of obtaining relief from his malady but he grew steadily weaker.

The family was at his bedside at the time of his death. Two of his sons, Ray and Vaughan, left yesterday for Twin Lakes, joining the other members of the family there.

CELEBRATE ANNIVERSARY

BERKELEY, Aug. 7.—Dr. G. L. Tufts, advocate of the Sunday closing law, and Mrs. Tufts celebrated their silver wedding anniversary Monday evening at a dinner party. Among the guests were Rev. Charles E. Dalton and Rev. H. B. Johnson, former classmates of Dr. Tufts at Drew seminary. Dr. and Mrs. Tufts were married in Ohio by Bishop J. C. Hartzell, now bishop of Africa.

CLUB TO REOPEN

ALAMEDA, Aug. 7.—Following a long vacation the Alameda club will open this evening with a program of music, drama and mystery. The program will be given by the Alameda club. The program will be given by the Alameda club.

FRANK F. BUNKER GETS CHAIR AT N. Y. UNIVERSITY

FRANK F. BUNKER.

BERKELEY, Aug. 7.—Frank F. Bunker, former superintendent of schools in Berkeley, has been elected by the faculty of the New York university to the chair of public school administration. The appointment involves a full professorship and a salary in advance of what Bunker received as superintendent here.

With his family Bunker has left for a trip to Europe from which he will return in time to take up his new duties at the opening of the next semester of the university in September.

Bunker has had a notable career in school work. After leaving several teaching positions, in which work he constantly advanced, he became assistant superintendent of the public schools of Los Angeles. Six years ago he was brought to Berkeley to be superintendent there as successor to S. D. Waterman, now principal of the Whittier school.

Last year, after several conflicts with the members of the new Socialist board of education, the latter announced that Bunker was to be removed. This instigated a recall campaign directed against the three members of the board. Bunker was retained and they were promptly dismissed. The superintendent, appointing Morris C. James, former high school principal, in his stead.

PLAN REGULATION OF STREET TRAFFIC

Statistics pertaining to the traffic along Broadway and other important streets in Alameda have been compiled by Acting Chief of Police Walter J. Petersen, with the object in view of a reorganization of the traffic regulations such as are on Market street in San Francisco.

Fourteenth and Broadway and the gate at the corner of Twelfth and Broadway were recorded. Fifteenth and Broadway is next on the list with 5623, then comes in order of magnitude, Twelfth and Broadway, 4254, San Pablo, 4200; Fourteenth and Clay, 3320; Twelfth and Washington, 2685. Twenty-fourth and Broadway, 2685, includes the passage each ten hours of 6105, more or less vehicles bound to and from East Oakland.

RAILROAD WORKMEN STRIKE GAS POCKET

Workmen cutting the tunnel for the Oakland-Antioch electric railroad through Contra Costa hills struck a vein of natural gas late Saturday afternoon. The gas spouted from the side of the tunnel and caught fire. It was allowed to burn for several hours, as the construction company thought perhaps they had tapped a hidden store of the valuable fuel, but the size of the blaze gradually diminished. The vein will be followed up to learn if it is not a pocket of an outcrop of a larger deposit of natural gas farther in the hill.

According to the chemist's report the gas struck in the tunnel is genuine fuel gas and it could be found in large quantities would become a good paying investment to bore wells to the main supply.

AND

MOTHERS' CLUB AFTER BOARD

Claims Whitewash on Alameda School Yard Fence Is Not Right Shade.

ALAMEDA, Aug. 7.—Delegations from the North Side Improvement Club and from the Mothers' Club were present at the board of education meeting last night to protest against what repairs have been made at Everett school and to complain because other repairs were not made. The protesters were C. A. Borle, Mrs. Mundt, Mrs. Walsh, Mrs. Ford and Mrs. H. H. H. Mundt is president of the Everett Club.

The protesters asserted that the schoolhouse was painted, which has no such vital improvement as the neglected kalsomining of the interior walls. They complained that the lavatories should be torn out and more modern ones installed. They objected to the planing in the yards, saying the children might "smell" their toes. They objected to the shade of the whitewash on the school fence and also stated that the other school yards had either modern fences or no fence at all. They had understood that the fence was to be removed. Instead it had been strengthened in weak spots and then whitewashed.

It was explained that the defective furnace in the Everett school made kalsomining almost a waste of time and that the walls became so smoky and dark within a few weeks. The lavatories, it was stated, are the same as those in the Porter and Lincoln schools, though not modern as in the new Haight and Washington schools.

The board members stated that it was known that the matter was referred again to the building committee, which will meet Saturday and take up the proposition a second time.

It was expected to return that a modern school could be constructed and retained when the new school house was secured. After considerable talk and general discussion the matter was referred again to the building committee, which will meet Saturday and take up the proposition a second time.

EICKMEIER FUND GROWS STEADILY

The Eickmeier fund is still increasing. Additional sums have been added to the fund. The fund is a two-story building with a platform and a freight house.

The fund is a two-story building with a platform and a freight house. The fund is a two-story building with a platform and a freight house.

NEW PLAYGROUND READY FOR OPENING

Bella Vista playground at East Twenty-eighth street and Eleventh avenue is now ready for opening, according to announcement made yesterday by the Playground commissioners. Water has been installed on the grounds, thus making possible further caretaking.

Tennis courts have been constructed and gymnastic equipment installed with shower baths and club house. The commissioners advocated the purchase of land for park purposes at Thirty-second and Ferat streets. The city attorney is now drawing up a resolution providing for its purchase.

ART TREASURE OFFERS FOR ATLANTIC FLIGHT

LONDON, Aug. 7.—Woodhull Martin, formerly Victoria Woodhull, one of the pioneer women suffragists of America and now widow of John Bidwell, a wealthy banker, has offered through the London Aerial League a superb antique centerpiece to the first aviator who crosses the ocean to America.

The trophy is one of the art treasures of Mrs. Martin, a beautiful old home at Norton's Park, Worcester-shire. The Norton Park homestead has been in the Martin family for 300 years, and is filled with art treasures, antiques and curios from all parts of the world.

PROPERTY OWNERS ASK FOR HYDRANTS

Twenty-five property owners on Boston avenue, Wilson avenue and cross streets including Pleasant, Harold, Montana and Palmetto streets have petitioned the council to have four fire hydrants placed along the line of Boston avenue.

Fruitvale school No. 1 is located in that territory, as well as many homes. The matter was referred to Commissioner of Public Health and Safety Turner.

TRIBUNE'S PAGE OF SPORTS Edited by BERT LOWRY

Sharpshooters Put on Extra Head of Steam and Senators Are Badly Beaten

GAME OF SWATFEST KEEPS SOLON FANS ON THE EDGE

Oaks Hammer Away From Start to Finish and Get Enough Runs to Win Out by Score of 11 to 9

SACRAMENTO, Aug. 7.—With Old Sol beating a merry tattoo on the heads of the players and the fans alike, Oakland and Sacramento attempted an exhibition of the national pastime here yesterday afternoon and all things considered it wasn't a bad game for all of that.

It was one of those games in which a player doesn't exert himself a great deal but merely carries out his obligations to the boss and the fans, therefore it took two hours and forty minutes to wade through it. The longest time was in the eighth inning, and by the time six pitchers had been used up and the players were longed to learn their heads up against a small, round, leather ball, the game was over. Oakland had beaten Sacramento, 11 to 9.

Six pitchers braved the heat, four wearing Oakland uniforms and two being clad in the hues of the celebrities. Twelve men were given free passes, and more would have drawn walks had it not been too hot to wait long at the plate. Twenty-six hits were pounded out by the batters, who had no mercy on the sweating slabs, and twenty times did the batters keep their courage up long enough to make the circuit of the bags and ring the bell.

TYLER IS BUMPED

Tyler Christian has been called "lucky." Today he was more than that. For Tyler pitched three innings and was touched up for seven hits and a run, and yet he pulled through with the credit for today's victory. Three other Oakland pitchers followed Christian on the mound, and Tyler left the game with the score standing 9 to 5 in the Oaks' favor. The Senators couldn't even things up in the latter stages of the game. Ray Schwencik, who started the game for the locals, was touched up for nine hits and four runs in three and a third innings and gets the blame for the defeat. The score was tied at four all when Schwencik was relieved by Munsell, but Schwencik, with two men on the bases and when Munsell went in and walked three men in a row those two memories of the presence of Schwencik were forced over the plate and the Commuters were out in front with a lead that was never headed.

OAKS BROKE INTO THE RUN BOX IN THE FIRST INNING

Leard had reached second on a walk and Zacher's lead off hit, and Hoffman doubled, scoring him. Helling batted to left and sent Lacy over. The sharpshooters breeched the second inning and in the third inning Zacher, Hoffman and Leard singled and both advanced on Zacher's infield out. Hoffman again punched the button with a single, both runners scoring.

JUST TO SHOW THAT THEY HAD SOME

just to show that they had some, that in the third inning Leard singled and all hands were safe on Leard's misplay of Christy's roller. Zacher, Hoffman and Leard grounded out. Hoffman singled, Munsell hit into center, sending Christy around, and followed him. Munsell tripled to left, and Christy was home on Helling's error.

Then came the Oaks' onslaught in the fourth.

Two men were captured by the choir boys in the fifth. O'Brien's triple

BOOZE AND GAMBLING ARE HURTING BASEBALL

By BERT LOWRY.

THE TRIBUNE'S fight for the separation of booze and gambling from baseball is taking effect and there is little doubt but what the officials of the Pacific Coast League will abolish the cage at Recreation Park in San Francisco and will go further and put the ban on the further enactment of the disgraceful scenes that beset the pastimes at the ball park at Vernon in the southern part of the State.

It was as far back as last April that

the writer called the attention of the Coast League officials to the disgraceful conditions of affairs at the Vernon ball park. In these columns he set forth what he had seen there and what a detriment those conditions were to the national game.

During the process of one Sunday's

game, when Sacramento was playing Vernon, men in topcoats and wearing that brings shame to baseball. And it was on this occasion that the writer saw the wrong impression that the board boys at the Los Angeles park and the results of the out of town games given to down town players.

President Allan T. Baum is now in

the south and it is hoped that he will thoroughly investigate the matter and use his strong will to put the ban on that element that are doing their level best to bring the game of baseball into disrepute just as it was brought here several years ago.

GAMBLERS RUN RIOT.

It has long been the aim of the game that gambling would ruin the

ANGELS GATHER AFTER EWINGITES FALTER AND BEAVERS ARE HOME IN FRONT

11 INNINGS

LOS ANGELES, Aug. 7.—There were enough thrills in yesterday's game to last an ordinary baseball fan a week and not one of the 6000 persons present left his seat until the end of the twelfth inning.

Angels tamed the Tigers by a score of 4 to 3, but it took eleven innings of fast play and a timely home run to do it.

Vernon scored in the second inning on a pass to Litsch and slugged by Agnew.

Los Angeles tied the score in the fourth when Moore walked, stole second and came home on Lober's drive to center.

Both teams were blanked in the eighth inning, and strike-outs were more plentiful than base hits. Agnew sent the Tigers off in the lead again in the ninth with a home run, but Heltmuller evaded the game in the Angels' half with a terrific smash over the left field fence.

Both teams were blanked in the tenth and tenth, Carson succeeding Castleton on the Vernon sixth in the tenth. Vernon looked like a winner in the eleventh, when it landed on Blagie, who was sent to the mound in Halla's place for one run.

Los Angeles broke the game on the Angels' half of the eleventh with a triple, which scored the tying and winning runs.

The score.

DANNY O'BRIEN GETS DOWN TO WORK FOR BURNS' BOUT

Clever Northwestern Glad of Opportunity to Swap Punches With Oakland Boy; Wheelmen Sign Good Card

Danny O'Brien, the Northwest youngster who is giving way the major end of the purse just so that he can get a crack at Frankie Burns before the Oakland Wheelmen on the night of August 14, began the grind of training at Al White's gym. yesterday afternoon and despite the fact that it was his first day's

work several of the fans were on hand to see the opponent of the Oakland boy drill. White says that the time has arrived when O'Brien a member of the four-pound bantam class, will be ready to take on Burns. O'Brien has been in the gym for a week and has been working hard to get in shape for the fight.

It is taken on Fred Anderson, the prize of Medford, less than four times, and he was in the gym for a week and has been working hard to get in shape for the fight. O'Brien has been in the gym for a week and has been working hard to get in shape for the fight.

Joe Sullivan, who is handling O'Brien, is not over 17 years of age and is under 140 pounds. He says that he will willingly give Burns the long end of the promoters' offer just to get on with Burns for a fight. He is in line for a crack at the top notchers.

Burns is at Shannon's and is going through the grind of training in a systematic manner, for he knows that he will have to fight O'Brien with Burns and then be in line for a crack at the top notchers.

PRELIMINARIES ARE CLASSY. Matchmaker Kynne, being busy with other details, left the work of making the preliminary match for about now to Jimmy Roban and Jimmy has covered himself with glory by signing one of the best bunches of preliminary fighters obtainable.

Just for variety, there will be three rounds of six rounds and five of four to round out the night's show. In the curtain raiser Joe King, a husky heavyweight from East Oakland will toe the mark with Ben Seale, a smaller fellow who works out of Alameda. Both of these fellows are after the crown and both will try for the punch that brings down the champion.

What would be a hummer of a bout will be the one between Harry Harris, the fighting newboy, and the ruggedly built Percival. Harris is coming from Sacramento with a victory over Manuel Viera and Joe Acevedo in his last bout and a fine home run to do it.

As for Percival, he needs no introduction. He is a well known fighter and has won many fights and when he does meet them he always leaves the feeling with his opponents that he has been in something more than a boxing match.

FITTING IS ON THE CARD. Another bout that will cause the fans off a lot of heads, or better still, put these fellows that won't play ball on the suspension list.

Sometimes when you take a ballplayer's salary he will walk up and give you something for the money you spend. Why not try it Billy? More the shame to these ball players.

ENGLISHMAN BREAKS RECORD FOR 600 METERS

LONDON, Aug. 7.—At Weston-Super-Mare yesterday J. Q. Hatfield, who was one of the English team at the Olympic Games, broke the world record for 600 meters. He covered the distance in 4 minutes 54.4 seconds.

Egg Market in Neary County.
PETALUMA, Aug. 7.—The egg market continues to show strength and the price paid for first grade eggs were yesterday 26c, for second grade 25c and for third grade 24c. After receipt of consignments of the San Francisco Dairy

The delivery was light. Dodge, Sweeney & Co. today shipped 2300 cases of first grade eggs to Alaska, points, and this shipment undoubtedly will strengthen the market, while the hot weather prevailing for the last three days was an added influence.

The poultry market the delivery was very light, and prices are steady.

SANTA ROSA, Aug. 20.—Poultrymen were surprised with another increase of prices for first grade eggs yesterday when it was added to the figures quoted. Dealers here paid 23s per dozen for first grade eggs, which is the same as the latter figure being identical with that of the previous day. Butter also ad-

vanced another cent, the figures for that commodity being 31½c per pound. The local market continues to show heavy demand, and new records are being made all along the line for the present season. This is because of new people entering in the business.

SANTA CRUZ, Aug. 7.—Eggs continue to bring good price and the supply is above the average. Extras were quoted at 24c yesterday and dealers were able to handle all eggs of this class. Firsts brought 21c and seconds 20c a dozen.

Potatoes, Onions and Vegetables.
Potatoes (per cti)—River whites, 70¢
80¢ for fancy and 55¢65¢ for ordinary.

LATHAM KILLED BY WILD BUFFALO

Dispatches Tell of the Death of
Noted Aviator in
Congo.

PARIS, Aug. 7.—The death of Hubert Latham, the French aviator, who was killed while hunting in the French Congo in June, is described in a dispatch from Brazzaville, a river port on the Congo.

Early in the morning of June 25 Latham, accompanied by a native, went on a shooting expedition on the right bank of the Chari river not far from Gages rapids. He had wounded a rhinoceros and was about to finish the animal when his rifle burst. He seized another gun from the native and fired.

At this moment a buffalo, which had remained hidden in the long grass, appeared. Latham knelt and fired again, but only wounded the animal, which charged and tossed him three times. He was killed almost instantly.

FATHER OF 21 SEES OFFICE.
STOCKTON, Aug. 7.—Elmer R. Lawrence, father of San Joaquin county and the father of twenty-one children, seven of whom are now alive, will seek to be elected to the Assembly from this district. He will oppose Assemblyman J. W. Stuckard, who has been elected to the Assembly from the same district.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for every emergency. For sale by Osgood Bros. Drug Co.

GOVERNMENT PAYS TRIBUTE TO HEROES

Erects Monument to Unknown
Dead in the Presidio
Cemetery.

SAN FRANCISCO, Aug. 7.—Although the quartermaster's department of the United States army is accredited with being somewhat hard-boiled by its constant dealing with stubborn facts, it is also known to have a touch of sentiment in its care for soldiers who have given faithful service. This has been brought to light through the fact of a monument just placed in the National cemetery at the Presidio in honor of Uncle Sam's unidentified dead. For a number of years the bodies of several hundred soldiers have remained unidentified, in spite of a system which has been made in the main to know its men. But these unknown are no less heroes in the sight of this government and to their memory the quartermaster's department has erected an imposing monument.

About a year ago many bodies were gathered from different parts of the United States' possessions and interred in a group in the National cemetery, a conscientious search having been made for all those who had died without identification. At that time Captain F. D. Ely of the quartermaster's department made a recommendation that the government give these dead some recognition and through the instrumentality of the quartermaster-general at Washington, D. C., an appropriation was gained from Congress for the purpose of erecting a monument.

REALTY DEALER IS BLOWN TO ATOMS

Dynamite Stored in Residence
Shakes Portland
Suburb.

PORTLAND, Ore., Aug. 7.—Through a mysterious explosion, which destroyed his residence at Lewis, a suburb, at 11 o'clock tonight, Percy Warren, a real estate dealer, was blown to atoms. Warren had just returned to his home from a visit to a neighbor, when a terrific explosion aroused the entire district.

Investigation revealed Warren's house to be a storehouse of dynamite. The appearance of the house after the explosion indicated that dynamite had been the agency in which Warren's life was destroyed.

When informed of the death of his brother, Dr. Ernest Warren stated that recently his brother had been having some trouble with dynamite. He stated that a considerable quantity of dynamite had been stored in his brother's house. Dr. Warren stated his brother had no enemies and that the explosion undoubtedly was due to an accident.

TO VISIT S. F. LODGE.

SAN JOSE, Aug. 7.—The San Jose lodge of Moose, 200 strong, will leave for San Francisco this evening on a special train to help with the initiation of a large class of candidates to the San Francisco lodge, and to take part in a reception to the delegation from San Francisco and this city which will leave the metropolis on August 15 for the Supreme Lodge of the Moose at Kansas City August 15-17.

PHOTO NEWSPAPER AT THE OAKLAND

Many Interesting Events Are
Shown in Pathe's Weekly
at Popular Theater.

Today and until Saturday the Oakland Photo theater will show Pathe's Illustrated Weekly, the most interesting events of which are as follows:

Chehalis, Wash.—Settlers are clearing the logged-off land for home-steads. In this picture a great red-wood stump is seen blasted out at once. "Planting the powder."

2. After the blast.

Larohmont, N. Y.—The yacht races prove great sport this season.

Constantinople, Turkey—Fire destroys 2000 houses in the Stamboul quarter of the city.

Paris, France—New millinery and new fashions in hairdressing are exciting the interest of the feminine world.

Dusseldorf, Germany—The dirigible "Schwaben" completely destroyed by an explosion.

Five other interesting events will also be shown in connection with above issue.

Many comments have been made on the excellent showing in the colored Pathe subject entitled "Don Juan and Charles V." the two-reel photoplay which completed its run at the Oakland photo theater last evening.

Because of the great favor met with in recent exhibitions of photoplays produced by French color photography the management of the Oakland photo theater intends to present to its patrons all feature films finished in this style.

Commencing today and continuing until next Saturday evening a colored photoplay produced by C. G. P. C. entitled "The Death of Chevalier Albertine," will be presented.

The regular children's matinee will be held from 11 to 12:30 Saturday at the theater, at which time selected educational and children's comedies will be shown.

AT LYRIC THEATER.

Today and tomorrow the Lyric theater will show a late subject by C. G. P. C. entitled "Over Morocco in a Hydro-aeroplane," a film that should prove exceedingly interesting. On a part of this reel is shown a drama by the same company entitled "A Bold Game." In addition to the above a comedy is offered by the Essanay company.

Next Friday and Saturday Pathe's Weekly No. 31 will be presented, the current happenings of the past week being clearly illustrated in the pictures.

**BATES INQUEST FAILS
TO DEVELOP EVIDENCE**

SAN FRANCISCO, Aug. 7.—Little evidence of importance that was not already known to the detective was furnished this morning at the inquest of Policeman Charles Bates, who was slain on July 27, supposedly by a prisoner he had under arrest. Policeman Lieber, who was the last man to converse with the officer, the motor-man of the car, who witnessed the shooting, and a number of residents in the neighborhood who saw Bates walking down Sixteenth street with a man at his side, gave testimony.

**GENERAL LAN PLANS
VISIT TO LOS ANGELES**

LOS ANGELES, Aug. 7.—General Lan Tien Yeh, the famous Chinese military commander, who led the revolutionary forces in Manchuria during the recent revolution, and who arrived in San Francisco last week in company with the son and two daughters of Dr. Sun Yat Sen, will visit Los Angeles within the next few days.

The Chinese American League of Justice of Los Angeles has arranged a banquet for the general at the Hotel California on August 10.

The general is expected to arrive in Los Angeles at 10 o'clock on the morning of the 10th.

DR. JORDAN RETURNS TO STANFORD CAMPUS

STANFORD UNIVERSITY, Aug. 7.—President David Starr Jordan arrived on the campus yesterday from his tour of the Southeastern States, where he spent considerable time in the study of the effects of the Civil War on the people of the South. He was assisted in the work by Professor Edward Krehbiel of the history department and A. L. Hill, '11, who acted as secretary. Dr. Jordan is director of the University of Virginia worked with the president for a time. The result of the observations will be used in connection with the course on international conciliation, which is given by Dr. Jordan and Professor Krehbiel. Dr. Jordan delivered twenty-seven lectures during the trip.

SACRAMENTO RIVER AT LOWEST STAGE

SACRAMENTO, Aug. 7.—The Sacramento river today stands at 4.3 feet, the lowest stage since the local branch of the weather bureau began to keep record more than 30 years ago. The lowest previous mark was established in 1910 and the surface of the stream dropped to 5.1 feet.

Tradition reports that in 1849 and in 1853 the water dropped to a stage which could be seen on the present gauge. Authentic data, however, is lacking. So far the low water has not interfered seriously with navigation.

It is expected that the river will reach even a lower stage than the present unless early rains come. The usual time for low water is in September.

ALIENS TO BE HOUSED IN \$5,000,000 BUILDING

CHICAGO, Aug. 7.—A \$5,000,000 agricultural and industrial exposition building to adorn the lake front in which aliens will be taught the agricultural possibilities of the country and the "back to the farm" movement accelerated, has been planned by officials of the National Immigration Officials' Association.

The building is to cover an entire block and will contain several convention halls, ranging in capacity from 2500 to 25,000 people.

The entire lower floor will be devoted to the exposition of the agricultural and manufactured products of the various states of the country.

Counterfeits.

Read what one of the GREATEST NEWSPAPERS IN AMERICA has to say on this subject:

"The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trademark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents, and mothers in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.—Philadelphia Bulletin.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Conger Bros. of St. Paul, Minn., say: "Fletcher's Castoria is certainly full of merit and worthy of recommendation."

C. G. A. Loder, of Philadelphia, Pa., says: "For 20 years we have sold Fletcher's Castoria and are pleased to state that it has given universal satisfaction."

The Scholtz Drug Co., of Denver, Colo., says: "Fletcher's Castoria has surely become a household word. Seemingly every family where there are children uses it."

Hoagland & Mansfield, of Boston, Mass., say: "We have nothing but good to say about your Castoria and we do not hesitate to give it our unqualified endorsement."

Riker's Drug Stores, of New York City, say: "Fletcher's Castoria is one of the oldest and most popular preparations in our stores. We have nothing but good to say about it."

Wohl-Wilson Drug Co., of St. Louis, Mo., says: "Of the thousands of patent medicines for which we have demand there are a very few of them that we can conscientiously recommend and your Castoria is included in this few."

D. R. Dyche & Co., of Chicago, Ill., say: "The increasing demand for your Castoria shows that a discriminating public is not slow to seek out a remedy of merit and once convinced that it does not and even more than claimed they do not hesitate to recommend it to their friends."

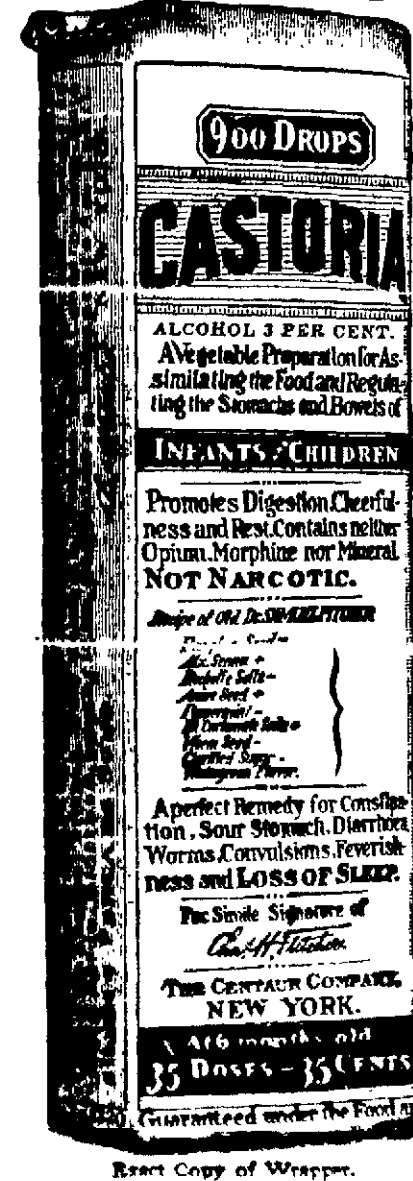

The Owl Drug Co., of San Francisco, Cal., says: "We have always been a believer in the 'original man protection' and have been particularly never to sell anything but the genuine and original Castoria (Fletcher's). We have many calls every day for this article from people who say they would not be without it in their homes."

GENUINE CASTORIA ALWAYS Bears the Signature of

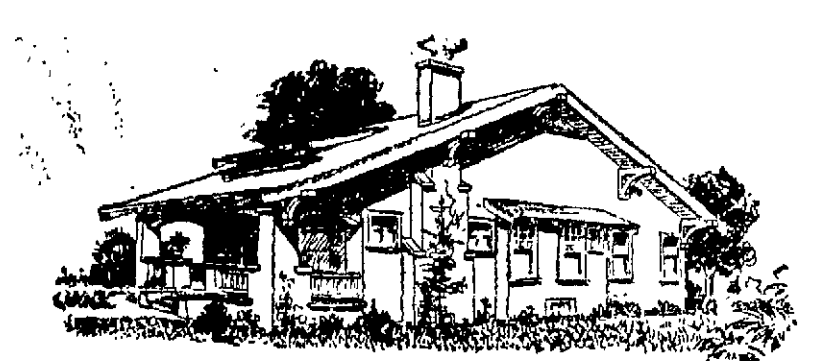

Chas. H. Fletcher.

Northbrae or Fairmount Park**

—This price includes house and lot in either Northbrae or Fairmount Park.

—It's the most liberal offer ever made in Alameda county to the man or woman who wants a home but has not sufficient capital to pay all cash.

—Being the largest subdividers in land in the bay district, we can give homebuilders assistance and co-operation they could not get from small dealers.

—If you do not care for this house or floor plan, come and see many others we are showing.

—Then if you are not pleased

we will prepare plans for your suggestions.

—How much rent money have you paid out since you were married? It's gone forever.

—Stop this leak, let this rent money buy a home and choice lot in Fairmount Park or Northbrae.

—The select residence section of Berkeley, just 10 minutes from the University of California.

—All improvements are now installed and given free to purchasers.

—Conceded to have the best electric service of any residence section around the bay.

—Three trains every 20 minutes, 155 trains each way on S. P. Electric through Berkeley and Oakland to San Francisco, 40 minutes. Five cent, commute fare.

—Two Key Route trains in walking distance.

—Unequaled view of Bay, Golden Gate and Marin County Hills.

—The property is selling very rapidly and valuations will soon go up.

—We will co-operate in every way possible to give you a home. Come in and talk it over.

—Call at our nearest office.
